

Agora Steel Stool

PAR4160

Item no. PAR4160-0609	
General Product Information	
Dimensions LxWxH	35x35x51 cm
Age group	-
Play capacity (users)	-
Colour options	

Outdoor Furniture plays an essential role in our communities by adding an inviting and social atmosphere, a place to meet, socialise or rest. Inclusive Design As Standard AGORA is designed to fulfil the UN Convention on the Rights of Persons with Disabilities (CRPD), which requires universal design principles when creating public spaces. Installing AGORA

furniture in a public area goes beyond satisfying all-inclusive design requirements. The complete AGORA line is available in highly vandalism-resistant steel versions. AGORA Stool is the simple individual seating.

Agora Steel Stool

PAR4160

Steel internal surfaces are hot-dip galvanised, and the outside surfaces are lead and zinc free. Galvanisation has excellent corrosion resistance within outdoor environments and requires very little maintenance. Painted steel parts are hot-dip galvanised and then powder coated.

Galvanisation is manufactured with a two-step process which includes light grinding and clean sweeping, which is then finished with a top powder coating to 70-120 µm thickness.

The Agora full steel assortment is available as standard in 9 different colors to match the selected color scheme on the play, sport or fitness site.

Item no. PAR4160-0609

Installation Information

Total installation time	0.6
Excavation volume	0.05 m ³
Concrete volume	0.04 m ³
Footing depth (standard)	60 cm
Shipment weight	18 kg
Anchoring options	Surface ✓ In-ground ✓

Warranty Information

Galvanised Steel	Lifetime
Painted Toplayer	10 years
Spare Parts Guarantee	10 years
Stainless Steel Components	Lifetime

KOMPAN outdoor furniture is available for surface and in-ground installation. Surface installation by anchoring to base layer or in-ground installation as either direct in ground or additional hot dip galvanized steel brackets.

The benches and tables can be combined in multiple settings by choosing individual products or assembled into larger solutions. See catalogue pages for more inspiration.

The hardware is made of stainless steel or galvanised steel to ensure durable connections with a high corrosion resistance.

Sustainability Data

PAR4160

Cradle to Gate A1-A3	Total CO ₂ emission	CO ₂ e/kg	Recycled materials
	kg CO ₂ e	kg CO ₂ e/kg	%
PAR4160-0609	32.27	2.59	50.00

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))
