PCM002921

Item no. PCM002921-0601

General Product Information

Dimensions LxWxH 87x160x100 cm Age group 2 - 12

Play capacity (users)

Colour options

Peek-a-boo games are classic fun for young children and are natural learning opportunities. The peek-a-boo tunnel encourages these games which help the younger children to explore concepts related to object awareness (people and objects remain present after we cannot see them) as well as perspective and how pure fun is related to surprise. The tunnel

also supports the physical dimension of this kind of play by encouraging crawling through and moving around. This helps to develop motor skills such as coordination and awareness. The holes in the tunnel allows for interaction with the children on ground level. The structure also supports dramatic play and imagination and stimulates language and

communication skills in the children. Lots of play in a simple structure, designed with play in mind.

PCM002921

Tunnel

Physical: the children crawl through the tunnel, developing motor skills such as crossbody coordination and proprioception. Social-Emotional: turn-taking when passing each other.

PCM002921

Panels of 19mm EcoCore™. EcoCore™ is a highly durable, eco friendly material, which is not only recyclable after use, but also consists of material produced from +95% recycled post consumer material from food packing waste.

Main posts with hot dip galvanized steel footing are available in different materials: Pressure impregnated pine wood posts. Pre-galvanized inside and outside with powder coated top finish steel posts. Lead free aluminum with color anodized top finish. Greenline TexMade posts of 95% post-consumer recycled PE and textile waste.

KOMPAN GreenLine versions are designed with ultimate environmentally friendly materials with lowest possible CO2e emission factor such as EcoCoreTM panels of +95% post consumer recycled ocean waste.

Installation Information Max. fall height 15 cm Safety surfacing area 19.0 m² Total installation time 4.6 Excavation volume 0.08 m³ Concrete volume 0.00 m³ Footing depth (standard) 60 cm Shipment weight 96 kg Anchoring options In-ground ✓ Surface ✓ Warranty Information EcoCore HDPE Lifetime Post 10 years Spare parts guaranteed 10 years	Item no. PCM002921-0601

Sustainability Data

PCM002921

Cradle to Gate A1-A3	Total CO₂ emission	CO₂e/kg	Recycled materials
	kg CO₂e	kg CO₂e/kg	%
PCM002921-0650	113.82	1.35	67.63
PCM002921-0601	181.88	2.49	49.29

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))

Verification of CO₂ calculation of: Themed play systems

Data version no. 2023-10-05

The CO_2 calculation and data are in compliance with the principles of a carbon footprint impact according to the GHG protocol (Greenhouse Gas Protocol), Scope 3, cradle to gate related to all individual components in the product category: "Themed play systems" represented by item no.: MSC641100-3717P.

(Scope 3 emissions include emission sources in the upstream and downstream value chain).
