

Two Seat Swing

NRO910

Item no. NRO910-1101

General Product Information

Dimensions LxWxH	468x198x284 cm
Age group	2 - 12
Play capacity (users)	2
Colour options	

Of all the play activities, swinging is a favorite: children love it, as it can be done individually and together. This swing set supports the play joy of doing the same thing at the same time, featuring two similar swing seats. The seats are shaped with a slight curve in the middle, to facilitate the secure seat position of a wide age span. A great place to play, for all ages, for

hours and days. Swinging, apart from being great fun, trains the children's ABC's: agility, balance and coordination, as well as their spatial awareness. These motor skills are crucial to being able to judge distances and navigate spaces safely. Swings allows for standing, sitting, and lying – and not least, jumping off. Apart from the motor skills training,

this trains the arm, leg and core muscles. The jumping off strengthens bone density, which is built up during the first years of life.

Two Seat Swing

NRO910

Two single swing seats

Physical: trains balance, coordination and spatial awareness. All necessary when judging distances. Trains arm, leg and core muscles, and strengthens bone density when jumping off. **Social-Emotional:** parallel play invites cooperation and consideration.

Cognitive: cause and effect and thinking skills for younger children. Rules games for bigger children, when swinging in same or different rhythm.

Two Seat Swing

NRO910

All Organic Robinia products by KOMPAN are made of Robinia wood from sustainable European sources. On request it can be supplied as FSC® Certified (FSC® C004450).

The standard seats of KOMPAN swings is engineered for maximum safety and durability. The two component seat with a PP inner core and outside rubber is produced in one operation. The seats are available with swing chains of either hot dip galvanised steel or stainless steel for all swings heights.

Swing hangers for Robinia wood crossbeams are made of stainless steel brackets and can move over two axis. The flange bearings are silicone enriched to make the suspension maintenance free.

The Robinia wood can be supplied as untreated raw wood, painted with a brown coloured transparent pigment that maintains the golden wood colour or in a coloured version where selected components are painted in different colours.

Item no. NRO910-1101	
Installation Information	
Max. fall height	236 cm
Safety surfacing area	45.9 m ²
Total installation time	6.4
Excavation volume	1.12 m ³
Concrete volume	0.32 m ³
Footing depth (standard)	113 cm
Shipment weight	470 kg
Anchoring options	In-ground ✓
Warranty Information	
Chains	10 years
Robinia wood	15 years
Spare parts guaranteed	10 years
Stainless steel components	Lifetime

Elevated activities 0	Accessible elevated activities	Accessible ground level activities	Accessible ground level play types

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))

Verification of CO₂ calculation of: Nature play

Data version no. 2023-10-05

The CO₂ calculation and data are in compliance with the principles of a carbon footprint impact according to the GHG protocol (Greenhouse Gas Protocol), Scope 3, cradle to gate related to all individual components in the product category: "Nature play" represented by item no.: NRO409-0621.

(Scope 3 emissions include emission sources in the upstream and downstream value chain).
