Crocodile Bench

M243

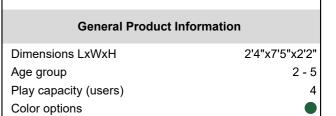

The Crocodile Bench is the playful solution for a rest for young children. They will delight in this friendly but fierce character that will support their active play, too. The crocodile supports social-emotional and physical skills for young children. The intentional design helps children to stay and play, which provides developmental benefits as well as thrilling fun!

In addition to being a place to sit alone or with friends, the Crocodile supports friendship skills. The small holes stimulate exploration and provide children with opportunities to play peek-a-boo and other games. Infants will also enjoy moving around the Crocodile, and pulling themselves up to stand, they train important physical skills such as coordination and muscle

strength.

Item no. M24370-3418P

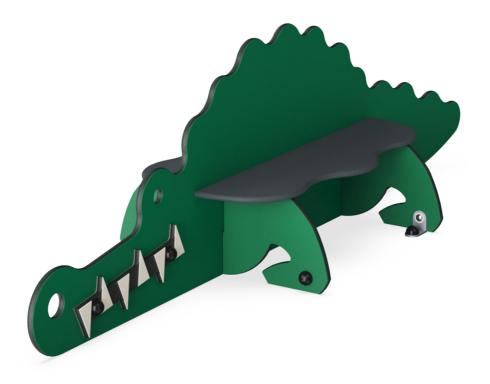

Theme Cognitive: s

Cognitive: suggests a theme and supports dramatic play, which stimulates language and communication skills.

Bench

Social-Emotional: gathering, cooperating or taking a break from play all train social skills.

Crocodile Bench

Sustainability Data

M243

Cradle to Gate A1-A3	Total CO ₂ emission	CO₂e/kg	Recycled materials
	kg CO₂e	kg CO₂e/kg	%
M24370-3418P	64.47	1.56	61.57

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))
