The Free Runner is a fun-to-use warm-up, coordination, and mobility device. It is easy to use and doesn't require any skills or settings. The Free Runner gives you low-impact exercise for your legs and hip area. While exercising you can play with different stride lengths to challenge yourself and by going faster you can even use it for light cardio

exercise. The Free Runner is simply a fun way to add easy exercises to your routine.

Validation based on report: Validation of ${\rm CO_2}$ calculation of 8 categories of Kompan product line, version 1.0, prepared by: Bureau Veritas HSE, Denmark: Bente Hviid and Peter Bendtsen.

Publication date: 15. October 2021

By Bureau Veritas HSE www.bureauveritas.dk +45 7731 1000

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))
