The Double Mega Decks with Upper Decks welcomes children from age 4–12 years and is roomy and sturdy enough to take even older players. This means that parents and carers are welcome to play along with their children. This huge, double tower play unit has it all: varied crawling, climbing, gliding, and sliding from more levels, a wonderful view on the way

to and from the tops of the towers, and great play corners to gather in. Apart from being great fun for many children, the variation of activities of the Mega Deck offers good muscle and motor skills training, balance and cross-body coordination, for a wide range of children and their adults.

Tunnel

Physical: the children crawl through the tunnel, developing motor skills such as cross-body coordination and proprioception. **Social-Emotional:** turn-taking when passing each other.

Climbing wall

Physical: develops children's cross coordination, eye-hand coordination, and muscle strength when climbing. **Social-Emotional:** two-sided climb invites cooperation.

Bubble window

Social-Emotional: invites interaction between outside and inside. **Cognitive:** distorts the sound of the voice, developing logical thinking.

Tower net

Physical: the children have a fast access up the horizontal rungs, and a slower climb up the sloping rungs. The net can be climbed from both sides. **Social-Emotional:** the two-sided net allows for social interaction. The spaciousness invites socialising. **Cognitive:** logical thinking when planning how to best enter the platform from the net.

Banister bars

Physical: supports coordination, arm and core muscles. Landing strengthens bone density. **Social-Emotional:** turn-taking and risk-taking.

Plank bridge

Physical: balancing across the plank develops the vestibular system as well as cross coordination. **Social-Emotional:** passing other children takes co-operation and teaches children turn-taking skills.

Curved slide

Physical: develops spatial awareness, sense of balance and trains core muscles when sitting upright going down. **Social-Emotional:** empathy stimulated by turn-taking.
