Color options

The AGORA PICNIC MINI is a part of the award winning funiture line from KOMPAN. AGORA offers a high level of flexibility when it comes to anchoring, color and material options in order to inspire architectural creativity and to fit the site specific requirements for individual customer projects. AGORA comes in durable and robust designs, and is manufactured in low

maintenance materials to ensure long-lasting outdoor solutions with the lowest possible total cost of ownership.

Agora Picnic Mini, Yellow

PAR4083

10 Years

Lifetime

All boards are made of High Pressure Laminate HPL with a .7 in. thickness according to EN 438-6 and has a nonskid surface texture. The multilayer construction makes the boards durable and suited for outdoor use, with a high resistance to impacts, scratches, fire, water and humidity, as well as high UV stability.

The steel surfaces are hot dip galvanized inside and outside with lead free zinc. The galvanization has excellent corrosion resistance in outdoor environments and require low maintenance. Painted steel parts are hot dip galvanized before powder coating.

Powder coated top finish on top of galvanization is processed in two steps: Light grinding and clean sweeping, powder coating - thickness 70-120 μm .

Item no. PAR4083-0002			
Installation Information			
Total installation time		1.5	
Excavation volume		0yd³	
Concrete volume		0yd³	
Footing depth (standard)		0'0"	
Shipment weight	1	81lbs	
Anchoring options	Surface	~	
	In-ground	~	
Warranty Information			
Hot dip galvanized steel	Lif	etime	
HPL	15	Years	
Painted toplayer	10	Years	

Spare Parts Availability

Stainless steel

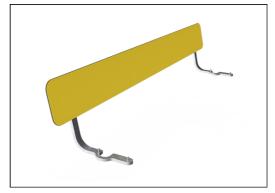

components

Agora picnic tables are available in 5 different HPL colors for the boards and the steel option offers 9 additional color choices.

The furniture is a freestanding product with optional anchoring possibilities. Kompan has multiple anchoring's to fit specific requirements for individual customer projects. The anchoring is sold as separate modules.

The standard available benches and tables can be dressed up with back support, armrests, tables etc. and linked together into tailored solutions for the individual location.

Verification of CO₂ calculation of: Park

Data version no. 2023-10-05

The CO_2 calculation and data are in compliance with the principles of a carbon footprint impact according to the GHG protocol (Greenhouse Gas Protocol), Scope 3, cradle to gate related to all individual components in the product category: "Park" represented by item no.: PAR4070-0001.

(Scope 3 emissions include emission sources in the upstream and downstream value chain).

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))
