

Fish Factory with Track Ride

PCM52631

Item no. PCM52631-0901

General Product Information

Dimensions LxWxH	27'6"x19'8"x11'6"
Age group	5 - 12
Play capacity (users)	23
Color options	

The fabulous Fish Factory with Track Ride is the wealth of fun play choices that children dream of returning to again and again. On ground level, an amazing play panel with turnable wheels that give out varied sounds invites exploration and inspires dramatic play. The correspondence with the sand hoist that goes to the platform widens the play invitation

and motivates physical activity when children run and climb up and down the play structure, training their cross-coordination and muscles and thus building muscles and movement skills that will help them navigate the world confidently. The hugely thrilling Track Ride appeals to dare devils and invites cooperative fun play, training children's social abilities such

as empathy and turn-taking. The Fish Factory is a place where friendships are made.

Fish Factory with Track Ride

PCM52631

Sand hoist

Physical: pulling the chain trains hand and arm muscles as well as the coordination.
Social-Emotional: cooperation and turn-taking skills are supported when cooperating on filling and hoisting sand up and down.
Cognitive: logical thinking skills are trained when understanding that pulling down makes the sand shovel go up. **Creative:** working with moveable play items supports the child's creativity.

Sound Panel

Physical: turning the wheels require big hand and arm movements. This develops dexterity, hand and arm muscles. **Social-Emotional:** individual and social play: cooperation and co-creation when making specific sounds.
Cognitive: cause and effect understanding as well as make-believe play. Creating sounds and rhythms trains essential pre-reading skills. **Creative:** creating varied sounds and rhythms.

Rapella

Physical: supports cross coordination, proprioception and sense of space. Leg and core muscles are used intensely. Upper body muscles are developed when children pull themselves upwards in the rope. **Social-Emotional:** turn-taking and self-regulation, both important life skills.

Slide

Physical: sliding develops spatial awareness and a sense of balance. Furthermore, the core muscles are trained when sitting upright going down. **Social-Emotional:** empathy stimulated by turn-taking.

Hammock

Physical: coordination and sense of balance when swaying. **Social-Emotional:** meeting, pushing friends gently back and forth, turn-taking.

Track Ride

Physical: trains arm and core muscles. Supports improved bone density when jumping from the handholds and motor skills like agility, balance and coordination. **Social-Emotional:** cooperation, consideration, turn-taking, risk-taking, self-confidence.

Theme

Cognitive: suggests a theme and supports dramatic play, which stimulates language and communication skills.

Fish Factory with Track Ride

PCM52631

Panels of 19mm EcoCore™. EcoCore™ is a highly durable, eco friendly material, which is not only recyclable after use, but also consists of a core produced from 100% recycled material.

Main posts with hot dip galvanized steel footing are available in different materials: Pre-galvanized inside and outside with powder coated top finish steel posts. Lead free aluminum with color anodized top finish. TexMade posts of 95% post-consumer recycled PE and textile waste.

All decks are supported by uniquely designed low-carbon aluminum profiles with multiple attachment options. The grey-colored molded decks are made of 75% post-consumer ocean waste PP material with a non-skid pattern and texture surface.

The slides can be chosen in six different colors and three materials: Straight or curved one-piece molded PE slides. Combined EcoCore™ sides and stainless steel. Full stainless steel in a one-piece design for more vandalism-proof solutions.

Ropes are made of UV-stabilized PES rope strands with inner steel cable reinforcement. The polyester wrapping is inductively melted onto each strand to ensure excellent wear and tear resistance.

KOMPAN GreenLine versions are constructed with the most environmentally friendly materials with the lowest possible CO2e emission factor. TexMade posts, EcoCore™ panels of 100% post-consumer recycled ocean waste, and molded PP decks.

Item no. PCM52631-0901

Installation Information

Max. fall height	6'6"
Safety surfacing area	822ft ²
Total installation time	34.1
Excavation volume	1.26yd ³
Concrete volume	0.12yd ³
Footing depth (standard)	2'11"
Shipment weight	2540lbs
Anchoring options	Surface ✓ In-ground ✓

Warranty Information

EcoCore HDPE	Lifetime
Post	10 Years
PP Decks	10 Years
Ropes & nets	10 Years
Spare Parts Availability	10 Years

Cradle to Gate A1-A3	Total CO ₂ emission	CO ₂ e/kg	Recycled materials
	kg CO ₂ e	kg CO ₂ e/kg	%
PCM52631-0901	1,593.73	1.81	68.65

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))

Verification of CO₂ calculation of: Play systems

Data version no. 2023-10-05

The CO₂ calculation and data are in compliance with the principles of a carbon footprint impact according to the GHG protocol (Greenhouse Gas Protocol), Scope 3, cradle to gate related to all individual components in the product category: "Play systems" represented by item no.: PCM200321-0950.

(Scope 3 emissions include emission sources in the upstream and downstream value chain).

Date: 30. October 2023 | Valid until: 30. October 2025
