Wow! The Talk & Tumble with Tunnel immediately attracts young children. The variety of play activities will ensure long and eventful playtimes again and again. The scale is perfectly suited to early years children. The many climb or crawl through play experiences stimulate important motor skills such as cross-coordination. They support peek-a-boo and

hiding games. These train an understanding that objects and people do not cease to exist just because you can't see them and that they will re-appear. With sand scoops, the bench with its apple tree offers nice points for social play and rest. The flower panel table and play spheres invite interaction from both sides. The spheres can be run from both sides of the

panel. This stimulates taking turns skills and encourages social play.
