

Castle, Large

NRO424

Item no. NRO424-1021	
General Product Information	
Dimensions LxWxH	903x1094x564 cm
Age group	6+
Play capacity (users)	54
Color options	

The huge, three-wing Castle adds a regal touch to the playground, attracting young knights and princesses again and again. With its great distribution of ground level and elevated play options, the Castle allows for a range of ages playing together and invites the whole family. The elevated and ground level play dens, barred windows and cannons invite

dramatic play. This stimulates children's language and social skills. The multiple, varied accesses, bars, climbing walls, coconut and net bridges and climbers train children's motor and muscle skills, such as the senses of balance and space. These are both fundamental in managing e.g. streets and traffic securely. The banister bars and the

fireman's poles add thrill to the play experience. They also hugely stimulate the child's sense of space and balance.

Castle, Large

NRO424

All Organic Robinia products by KOMPAN are made of Robinia wood from sustainable European sources. On request it can be supplied as FSC® Certified (FSC® C004450).

The paint used for coloured components is water based environmentally friendly with excellent UV resistance. The paint is in compliance with EN 71 Part 3.

The Robinia products are designed with a KOMPAN colour concept with a number of different standard colours. The wood can also be supplied as untreated or with brown painted with a pigment that maintains the wood colour.

Item no. NRO424-1021

Installation Information

Max. fall height	300 cm
Safety surfacing area	122.5 m ²
Total installation time	119.8
Excavation volume	5.78 m ³
Concrete volume	2.90 m ³
Footing depth (standard)	100 cm
Shipment weight	5,262 kg
Anchoring options	In-ground ✓

Ropes of UV-stabilized PES rope strands with inner steel cable reinforcement. The polyester yarn is made from +95% post-consumer materials and is inductively melted onto each strand.

The product/activities are preassembled from the factory to ensure all safety requirements are considered.

Corocord ropes of the bridge are special 'Hercules'-type with galvanised six-stranded steel wires and a steel wire core. The PP rope in coconut style has a diameter of 15 cm. The internal steel wire core has thimbles at both ends, which serve as attachments for the rope to existing connecting elements.

Sustainability Data

NRO424

Cradle to Gate A1-A3	Total CO ₂ emission	CO ₂ e/kg	Recycled materials
	kg CO ₂ e	kg CO ₂ e/kg	%
NRO424-1021	3,829.20	0.77	3.60

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))

Verification of CO₂ calculation of: Nature play

Data version no. 2023-10-05

The CO₂ calculation and data are in compliance with the principles of a carbon footprint impact according to the GHG protocol (Greenhouse Gas Protocol), Scope 3, cradle to gate related to all individual components in the product category: "Nature play" represented by item no.: NRO409-0621.

(Scope 3 emissions include emission sources in the upstream and downstream value chain).

Date: 30. October 2023 | Valid until: 30. October 2025
