MSC542103

Item no. MSC542103-3417P

General Product Information

Dimensions LxWxH 296x222x170 cm
Age group 6m+
Play capacity (users) 20
Color options

Amazing! The lovely Home, Garden & Auto play combination sets the stage for endless hours of dramatic play, social play and not least play explorations. The thrill in almost getting lost in the different corners is immense for toddlers. The richness of tactile detail supports explorative play and adds to the play duration. The spaces under the box bench, in the garden

and house space, offer graduated play. This makes it possible for all to find something to play, and it adds to play duration. The transparency of the unit allows children to play from the outside. It is encourages with many tactile activities that support cooperative play and social development. The manipulatives train cause-and-effect understanding, too, sti-

mulating logical thinking. The homely the-mes inspire stories and dramatic play, which supports language development.

MSC542103

different positions.

Desk with sieve

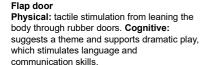

Social-Emotional: children can gather and store materials, cooperate and take a break together. Creative: sand can be shifted through the sieve, for understanding of cause and effect and object permanence.

Crawl-through hole with curtains

crawling through, developing cross

coordination, proprioception and spatial

Physical: the hole allows for climbing and

awareness. Social-Emotional: cooperation

and turn-taking when playing with friends on

the other side. Cognitive: understanding of

without being gone forever - a thrilling insight.

object permanence: things can disappear

Social-Emotional: gathering, cooperating or taking a break from play - all train social skills.

Broad table platform

Physical: cross coordination and spatial

This trains secure navigation of space.

and socializing. Cognitive: dark green

awareness when crawling over and under.

Social-Emotional: space for meeting, resting

horizontal panel and the sand colored vertical

panels support the understanding of space.

Physical: crawling trough the possible openings trains spatial awareness. Social-Emotional: the enclosed space invites social play for two or three children.

Surface

Panels of 19mm EcoCore™. EcoCore™ is a highly durable, eco friendly material, which is not only recyclable after use, but also consists of material produced from +95% recycled post consumer material from food packing waste.

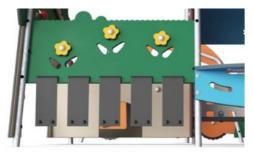

The steel surfaces are hot dip galvanised inside and outside with lead free zinc. The galvanisation has excellent corrosion resistance in outside environments and requires low maintenance.

Corocord membranes consist of friction-proof rubberized material of conveyor belt quality with excellent UV resistance. Tested and compliant with REACH requirements for PAH. Embedded is a four-layered armouring made of woven polyester. The armouring and the two surface layers result in a total thickness of 7.5 mm.

45 cm 28.0 m² 15.1 0.46 m³ Concrete volume 0.00 m^3 Footing depth (standard) 60 cm Shipment weight 307 kg Anchoring options In-ground

Straps are made of soft and bendable woven bands. Base material of straps is PP which has good wearing and impact resistance.

Sand strainer is made of high-quality stainless steel to ensure durability of the product.

Play spheres are made of PP. PP has good wearing and impact resistance.

Sustainability Data

MSC542103

| Cradle to Gate A1-A3 | Total CO₂ emission | CO₂e/kg | Recycled materials |
|----------------------|-----------------------|------------|--------------------|
| | kg CO₂e | kg CO₂e/kg | % |
| MSC542103-3417P | 322.34 | 1.39 | 80.86 |

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))

Verification of CO₂ calculation of: Themed play systems

Data version no. 2023-10-05

The CO_2 calculation and data are in compliance with the principles of a carbon footprint impact according to the GHG protocol (Greenhouse Gas Protocol), Scope 3, cradle to gate related to all individual components in the product category: "Themed play systems" represented by item no.: MSC641100-3717P.

(Scope 3 emissions include emission sources in the upstream and downstream value chain).
