Colour options

The Top for Cone is used when the cone is positioned with the broad end upward and used as table. The top can be supplied in the same colour as the cone or in one of the other Loop colours to give you the colour combination that fits your site. The top for cone is delivered with mounting brackets.

LOOP Top for Cone, 70cm

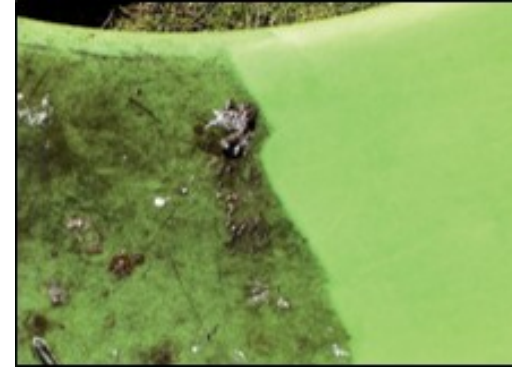

TPP29545

The Loops modular elements are made of rotation moulded polyethylene (PE) with a thickness of 6-7mm. The Loops are UV-resistant, have excellent impact strength and are usable within a large temperature span.

The Loops come in 10 standard colours, offering a variety of options to personalise your product and ensure a perfect fit for your intended space.

This product withstands most cleaning agents and chemicals and can be cleaned using a high-pressure cleaner. The colour can be revived using vinyl cleaner or similar.
