

Water Seesaw with 2 Splash Tables

NRO509

Item no. NRO509-0601

General Product Information

Dimensions LxWxH	137x404x107 cm
Age group	2+
Play capacity (users)	21
Color options	

The Water Channel with 2 Splash tables is a fantastic attraction in the playground, keeping children absorbed in explorative play for hours. The combination of the splash table and water channel accommodates a lot of children in play at the same time. The open design allows for eye contact, cooperation and negotiation across the play piece, stimulating social-

emotional skills as well as communication and cognitive skills. The splash tables can hold materials, and the angled water migrant can transport them to the tables. This explorative play Holds a multitude of opportunities for creativity and logical thinking, all stimulating children's cognitive-creative development. Take the water tap: when pushed, water streams,

when you let go it stops. This is fundamental for understanding e.g. object permanence.

Water Seesaw with 2 Splash Tables

NRO509

All Organic Robinia products by KOMPAN are made of Robinia wood from sustainable European sources. On request it can be supplied as FSC® Certified (FSC® C004450).

The steel surfaces are hot dip galvanised inside and outside with lead free zinc. The galvanisation has excellent corrosion resistance in outside environments and requires low maintenance.

Play activities like the Megaphone are made of injection moulded high quality nylon (PA6). PA6 has good wearing and impact strength and is UV stabilised.

Robinia products are available in three different wood treatment options: Untreated Robinia wood or brown painted with a pigment that maintains the wood colour and coloured version with paint of selected components.

Item no. NRO509-0601	
Installation Information	
Max. fall height	0 cm
Safety surfacing area	27.4 m ²
Total installation time	7.5
Excavation volume	0.70 m ³
Concrete volume	0.00 m ³
Footing depth (standard)	64 cm
Shipment weight	414 kg
Anchoring options	In-ground ✓ Surface ✓

Sustainability Data

NRO509

Cradle to Gate A1-A3	Total CO ₂ emission	CO ₂ e/kg	Recycled materials
	kg CO ₂ e	kg CO ₂ e/kg	%
NRO509-0601	234.80	0.72	8.70

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))

Verification of CO₂ calculation of: Nature play

Data version no. 2023-10-05

The CO₂ calculation and data are in compliance with the principles of a carbon footprint impact according to the GHG protocol (Greenhouse Gas Protocol), Scope 3, cradle to gate related to all individual components in the product category: "Nature play" represented by item no.: NRO409-0621.

(Scope 3 emissions include emission sources in the upstream and downstream value chain).

Date: 30. October 2023 | Valid until: 30. October 2025
