Outdoor Furniture plays an essential role in our communities by adding an inviting and social atmosphere, a place to meet, socialise or rest. Anita is classic and comfortable park furniture that invites citizens to take a seat and relax. They blend into and enhance public areas like parks and playgrounds etc. Anita Square Bench can be placed around a tree, a light pole

or just as freestanding with multiple use from all sides. The backrest increases the seating comfort.

Boards are made of pine wood from sustainable European sources. The wood is pressure-impregnated according to EN335:2013, Class 3 (Equivalent to NTR Class AB). On request it can be supplied as FSC® Certified (FSC® C004450).

The steel surfaces are hot dip galvanized inside and outside with lead free zinc. The galvanization has excellent corrosion resistance in outdoor environments and require low maintenance.

The benches and tables can be combined in multiple settings by choosing individual products or assembled into larger solutions. See catalogue pages for more inspiration.

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))
