

Inclusive Double Chest Press

FSW244

This dual-function device combines the Inclusive Chest Press with a seated option for those not in wheelchairs. It provides gentle strength training for the chest, shoulders, and arms. While resistance remains low, users can increase exercise intensity by performing more repetitions and fully extending their arms with each rep. Suitable for warm-ups, mobility

enhancement, and light workouts, the device maintains its inviting design for wheelchair users, offering a versatile workout solution for various needs.
