

Double Toddlers Castle

MSC5424

This colourful, bright play unit invites all in with its WOW of play experience variety. The unit will attract toddlers again and again, thanks to the layered play: play details are scaled to evoke the curiosity and support play from age 1 year and up. The varied physical play events of the Double Toddlers Castle offer motor skills and muscle stimulation for all: there is an

easier, broad stairway to support crawling and carer assistance. Alternatively there is a climb challenge in the inclined climbing wall, training cross-coordination. On the platform there is a rewarding slide and fun holes to offer interaction with the outside. The bubble window trains with its resonance of the voice trains logical thinking. The many ground level tactile

details are tactile temptation for curious toddlers and additionally train cause and effect-understanding and logical thinking.

Item no. MSC542401-3417P	
General Product Information	
Dimensions LxWxH	323x279x149 cm
Age group	1+
Play capacity (users)	15

Double Toddlers Castle

MSC5424

Bubble Window

Social-Emotional: invites interaction between outside and inside. **Cognitive:** distorts the sound of the voice, developing logical thinking.

Rock climber

Physical: supports cross coordination and leg, arm and hand strength. **Social-Emotional:** the inclination makes climbing feel secure, especially for younger children.

Slide

Physical: sliding develops spatial awareness and a sense of balance. Furthermore, the core muscles are trained when sitting upright going down. **Social-Emotional:** empathy stimulated by turn-taking.

Stairway

Physical: climbing the stairs supports cross coordination as well as arm and leg muscles. **Social-Emotional:** room for active breaks and adult helpers.

Theme

Cognitive: suggests a theme and supports dramatic play, which stimulates language and communication skills.

Desk with ring

Social-Emotional: a place for meeting and exchanging. **Creative:** sand and construction play encouraged with sieve in desk.

Panel with manipulatives

Social-Emotional: cooperation from both sides of panel. **Cognitive:** cause and effect understanding and logical thinking: making sounds when running the play sphere through the vertical groove.

Double Toddlers Castle

MSC5424

All floors are made of High-Pressure Laminate HPL with a thickness 17.8mm and non skid surface texture according to EN 438-6. KOMPAN HPL has high wearing strength to ensure long lifetime in all climates.

Panels of 19mm EcoCore™. EcoCore™ is a highly durable, eco friendly material, which is not only recyclable after use, but also consists of material produced from +95% recycled post consumer material from food packing waste.

The steel surfaces are hot dip galvanised inside and outside with lead free zinc. The galvanisation has excellent corrosion resistance in outside environments and requires low maintenance.

The transparent bubble is made of PC. It allows children to observe the playground and surroundings.

Item no. MSC542401-3417P

Installation Information

Max. fall height	100 cm
Safety surfacing area	25.1 m²
Total installation time	13.6 hours
Excavation volume	0.45 m³
Concrete volume	0.00 m³
Footing depth (standard)	60 cm
Shipment weight	324 kg
Anchoring options	In-ground ✓ Surface ✓

Warranty Information

EcoCore HDPE	Lifetime
Hot dip galvanised steel	Lifetime
HPL decks	15 years
Movable parts	2 years
Spare parts guaranteed	10 years

Sustainability Data

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))
