容纳人数	
颜色选择	

LOOP Lava 的开放式设计让人们可以随意休息，尽情挥洒创意。这种有机座椅适用于城市空间、公园、学校、机构和公司。

Lava

TPP29670

The Loops modular elements are made of rotation molded polyethylene (PE) with a thickness of 6-7mm. The Loops are UV-resistant, have excellent impact strength and are usable within a large temperature span.

The product molds are textured through abrasive blasting, enhancing surface friction and reducing slipperiness, ensuring a safer experience.

The Loops can be anchored to the ground by filling them with water or sand using integrated plugs. Alternatively, they can be secured using surface or ground brackets.
