

Hammock

NRO815

Item no. NRO815-1001

General Product Information

Dimensions LxWxH	414x77x165 cm
Age group	3+
Play capacity (users)	2
Colour options	 

If you're looking for a hammock with a difference, have a look at this organic, natural Robinia Timber design. Hammocks are great for playgrounds, providing a place for relaxing with friends, socialising, or having loads of swinging fun. Hammocks train balance, rhythm, speed, judgement, and turn-taking social skills.

Hammock

NRO815

Double ropes

Physical: pushing and pulling others. Holding the ropes support arm muscles. Can be pushed from a wheelchair position.

Hammock bed

Physical: swaying trains the sense of balance and spatial awareness, important for judging distances and navigating space. **Social-Emotional:** swaying, sharing and meeting with groups of friends. Trains turn-taking skills

Hammock

All organic Robinia products by KOMPAN are made of Robinia wood which is sourced from sustainable plantation farms. On request it can be supplied as FSC® Certified (FSC® C004450).

The hammock is made of steel reinforced single braided 16 mm PES ropes. PES has high strength with excellent resistance to abrasion and UV radiation. The rope loops are connected by nylon (PA6) connectors providing a smooth and comfortable hammock.

The swing hangers are made of stainless steel brackets and can move over two axis. The flange bearings are silicone enriched to make the suspension maintenance free. At the rope fixation there is a turnable anti twist functions that prevents winding up the ropes.

The robinia posts are available as wood in-ground anchoring or hot dip galvanized steel in-ground footings.

Item no. NRO815-1001	
Installation Information	
Max. fall height	100 cm
Safety surfacing area	30.5 m²
Total installation time	2.8 hours
Excavation volume	2.02 m³
Concrete volume	1.38 m³
Footing depth (standard)	101 cm
Shipment weight	135 kg
Anchoring options	In-ground ✓
Warranty Information	
EcoCore HDPE	Lifetime
Robinia Wood	15 years
Ropes & Nets	10 years
Spare Parts Guarantee	10 years
Swing Hangers	5 years

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))
