coordination, stimulating cross-modal perception, important for reading and other life skills. The bubble window in the tunnel bridge distorts voices when spoken into, evoking a sense of wonder and training logical thinking. From the roomy platforms, a curly climber invites for a thrilling, rotating ride back to ground level. There is also a double slide,

which allows carers to ensure safety and join in on the fun. The house platforms offer appealing tactile details to explore, training logical thinking. All in all, the Triple Mega Deck provides a fun play experience while also training on life skills.
