

Truck

M534

Item no. M53471-3418P

General Product Information

Dimensions LxWxH	156x273x190 cm
Age group	6m+
Play capacity (users)	8
Color options	

WOW – a truck! The Truck is a playground hit with all future drivers. With its spacious platforms and dens, it's an experience to explore. Thanks to the side, rear and front openings that allow children to enter from all sides, the driver's compartment stimulates versatile crawling. This enhances cross-coordination, which is important for the child's

ability to move body sides independently. This also helps to stimulate functions in the brain which are important to future reading skills. The truck's driving compartment has steering wheels and gears and numerous tactile elements. The back of the truck has a black crane hoisting wheel. These elements enhance cause-and-effect understanding when children

play with them. The back is a fine gathering space with a table and sides to sit on. This social space invites children and carers alike.

Truck

M534

Panels of 19mm EcoCore™. EcoCore™ is a highly durable, eco friendly material, which is not only recyclable after use, but also consists of material produced from +95% recycled post consumer material from food packing waste.

Foot support is made of HPL with a thickness of 17,8mm with a very high wearing strength and a unique KOMPAN nonskid surface texture.

The steel surfaces are hot dip galvanised inside and outside with lead free zinc. The galvanisation has excellent corrosion resistance in outside environments and requires low maintenance.

Item no. M53471-3418P

Installation Information

Max. fall height	90 cm
Safety surfacing area	23.7 m ²
Total installation time	12.6
Excavation volume	0.61 m ³
Concrete volume	0.00 m ³
Footing depth (standard)	63 cm
Shipment weight	419 kg
Anchoring options	In-ground ✓ Surface ✓

Exhaust pipe is made of polypropylene PP with excellent impact strength and usable within a large temperature span.

Handholds are made of injection moulded high quality nylon (PA6). PA6 has good wearing and impact strength.

KOMPAN GreenLine versions are designed with ultimate environmentally friendly materials with lowest possible CO₂e emission factor such as EcoCore™ panels of +95% post consumer recycled ocean waste.

Sustainability Data

M534

Cradle to Gate A1-A3	Total CO₂ emission	CO₂e/kg	Recycled materials
	kg CO ₂ e	kg CO ₂ e/kg	%
M53471-3418P	586.50	1.73	49.30

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))
