

# Play & Learn Blackboard

NRO610

The Robinia Play & Learn Blackboard is a great creativity attractor that children return to again and again. It appeals to children's love of dramatic play, e.g. playing school. It also stimulates creativity in drawing. Due to the two sides of the blackboard bigger groups can draw together, e.g. in an outdoor classroom. The richness in tactile detail with abacus, clock, bell

and number board train the fine motor skills and hand-eye coordination. The clock stimulates understanding of time and measures. The clock makes it possible to leave a mark with sound, which trains the logical thinking skills of the youngest children. In play tests the clock & bell are frequently used. The number board inspires play-counting. Drawing

and play-writing were essential parts of the blackboard play. Play-school games are known to stimulate children's interest in learning and readiness for school.

Item no. NRO610-1021	
General Product Information	
Dimensions LxWxH	7'5"x2'5"x5'10"
Age group	2 - 12
Play capacity (users)	6
Color options	  

# Play & Learn Blackboard

NRO610

## Clock and bell panel

**Cognitive:** understanding cause and effect when ringing bell, learning about numeracy and time in a tangible way. **Creative:** leaving a mark when creating new positions on clock or with sound creating a rhythm when ringing or knocking the bell.

## Abacus

**Cognitive:** supports understanding of measurement.

## Number panel

**Cognitive:** stimulates understanding of numeracy and mathematics.

## Blackboard

**Social-Emotional:** the two sides and width of the blackboard is designed for groups of children cooperating and sharing ideas. **Creative:** drawing and leaving your mark stimulates creative thinking.

All Organic Robinia products by KOMPAN are made of Robinia wood from sustainable European sources. On request it can be supplied as FSC® Certified (FSC® C004450).

The paint used for colored components is water based environmental friendly with excellent UV resistance. The paint is in compliance with EN 71 Part 3.

Play activities in very strong materials: HDPE-plate with HDPE-clock and hands in conveyer belt rubber, bell in pressed aluminium. Mirror in plexi-glass with a high impact resistant.

Item no. NRO610-1021	
Installation Information	
Max. fall height	0'0"
Safety surfacing area	0ft²
Total installation time	5.3 hours
Excavation volume	0.33yd³
Concrete volume	0yd³
Footing depth (standard)	3'3"
Shipment weight	504lbs
Anchoring options	In-ground ✓
Warranty Information	
Robinia Wood	10 Years
Ropes & nets	10 Years
Spare Parts Availability	10 Years
Stainless steel components	Lifetime
Stainless steel components	Lifetime

Environment friendly material: Numbers & letters plate and clock/bell plate are made of 19mm EcoCore™. EcoCore™ is a highly durable, ecofriendly material, which is not only recyclable after use, but is also made of +95% recycled post-consumer material from e.g., food packing waste in both core and colorful outer layer.

The shafts for abacus are in stainless steel and the abacus beads are injection-molded nylon (PA). The 2-sided black chalkboard is in ceramic steel.

# Sustainability Data

NRO610

Cradle to Gate A1-A3	Total CO <sub>2</sub> emission	CO <sub>2</sub> e/kg	Recycled materials
	kg CO <sub>2</sub> e	kg CO <sub>2</sub> e/kg	%
NRO610-1021	136.12	0.69	26.21

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))

## Verification of CO<sub>2</sub> calculation of: Nature play

Data version no. 2023-10-05

The CO<sub>2</sub> calculation and data are in compliance with the principles of a carbon footprint impact according to the GHG protocol (Greenhouse Gas Protocol), Scope 3, cradle to gate related to all individual components in the product category: "Nature play" represented by item no.: NRO409-0621.

(Scope 3 emissions include emission sources in the upstream and downstream value chain).
