### Long Nose Truck

NRO562

Item no. NRO562-1021			
General Product Information			
Dimensions LxWxH	508x201x262 cm		
Age group	2 - 5		
Play capacity (users)	10		
Colour options			

The Long Nose Truck appeals hugely to children and invites for hours of dramatic play, again and again. The varied climb and crawl activities in the truck's sides and front ensures physical activity that trains cross-body coordination. This builds body confidence and stimulates the cross-modal perception which supports e.g. reading skills. The gear shift and steering wheel add to the imagined driving. Dramatic play is the favorite play type for younger children. Apart from building an understanding of the world, dramatic play trains language, communication and social-emotional skills intensely and builds the fundament of learning and making friends for life.

# Long Nose Truck

NRO562

Theme Cognitive: suggests a theme and supports dramatic play, which stimulates language and communication skills.

Window Social-Emotional: invites interaction between sides and cooperative play.

#### Funnel

**Social-Emotional:** trains cooperation and turn-taking as children put materials into the funnel. **Cognitive:** the passing of materials through funnels supports the children's logical thinking and for younger children the understanding of object permanence: that materials don't vanish but run through at the other end.

Supportive handholds Physical: handhold provides good grip for less confident climbers. Pulling yourself up and in trains upper body muscles.

Gear shift Social-Emotional: cooperation, turn-taking, sharing. Cognitive: suggests a theme and supports dramatic play, which stimulates languages skills.

All Organic Robinia products by KOMPAN are made of Robinia wood from sustainable European sources. On request it can be supplied as FSC® Certified (FSC® C004450).

The paint used for coloured components is

water based environmental friendly with

excellent UV resistance. The paint is in

compliance with EN 71 Part 3.

The Robinia products are designed with a KOMPAN colour concept with a number of different standard colours. The wood can also be supplied as untreated or with brown painted with a pigment that maintains the wood colour.

Installation Information					
Max. fall height	139	9 cm			
Safety surfacing area	42.	5 m²			
Total installation time		33.2			
Excavation volume	1.4	1 m³			
Concrete volume	0.0	5 m³			
Footing depth (standard)	100	) cm			
Shipment weight	1,49	5 kg			
Anchoring options	Surface	~			
	In-ground	~			
Warranty Information					
EcoCore HDPE	Life	time			
Hot dip galvanised steel	Life	time			
Robinia wood	15 y	ears			

Item no. NRO562-1021

There are Multiple footing options for all products: Surface anchoring with steel footings and expansion bolts. Wood in-ground or steel in-ground footings.

Panels of 19mm EcoCore<sup>™</sup>. EcoCore<sup>™</sup> is a highly durable, eco friendly material, which is not only recyclable after use, but also consists of material produced from +95% recycled post consumer material from food packing waste.

The Robinia wood can be supplied as untreated raw wood, painted with a brown coloured transparent pigment that maintains the golden wood colour or in a coloured version where selected components are painted in different colours.

### **Sustainability Data**

NRO562

Cradle to Gate A1-A3	Total CO <sub>2</sub> CO <sub>2</sub> e/kg emission		Recycled materials
	kg CO₂e	kg CO₂e/kg	%
NRO562-1021	334.28	0.29	7.46

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))
