Play Tower, U2 Slide

PCM104231

Item no. PCM104231-0603				
General Product Information				
Dimensions LxWxH	215x229x211 cm			
Age group	6m - 2			
Play capacity (users)	11			
Colour options				

The Play Tower, U2 Slide is an ultimate play attraction for developing toddlers. The levels encourage physical play. Children crawl, walk and run the stairs. This activity trains crosscoordination, a fundamental skill for e.g. later reading skills. The play tower also has a slide, and sliding stimulates the sense of balance, which is fundamental for mastering any physical activity. The balcony allows interaction from the outside to the inside and adds a feeling for height which tickles the stomach. The window has curtains that can be drawn from both sides, inspiring social play and peeka-boo. This supports the understanding of object permanence, that things don't cease to exist because they disappear. The roomy stairway allows for breaks and social interaction, too. Lots of social play and exploration in a small footprint.

PCM104231

Balcony Social-Emotional: the balcony invites meetings and interaction with people on ground level. Cognitive: invites dramatic play and performance, which stimulates language development.

Window Social-Emotional: invites interaction between sides and cooperative play.

KOMP

Let's play

Slide

Physical: sliding develops spatial awareness and a sense of balance. Furthermore, the core muscles are trained when sitting upright going down. Social-Emotional: empathy stimulated by turn-taking. Cognitive: young children develop their understanding of space, speed and distances when sliding down quickly.

Window with curtains

Physical: tactile stimulation supports sensory skills, when children explore characteristics of the materials. Social-Emotional: social interaction between inside and outside, supporting turn-taking and cooperation. Cognitive: understanding object permanence when playing, e.g. peek-a-boo. Dramatic play support, encouraging language skills. Creative: leaving a mark, deciding how to place curtains.

Play Tower, U2 Slide

Panels of 19mm EcoCore[™]. EcoCore[™] is a highly durable, eco friendly material, which is not only recyclable after use, but is also produced from +95% recycled post consumer material from food packing waste. Wooden panels of impregnated and brown painted pine wood with vertical steel profiles.

Main posts with hot dip galvanized steel footing are available in different materials: Pressure impregnated pine wood posts. Pre-galvanized inside and outside with powder coated top finish steel posts. Lead free aluminum with color anodized top finish. Greenline TexMade posts of 95% post-consumer recycled PE and textile waste.

All decks are supported by unique designed low-carbon aluminum profiles with multiple attachment options. The grey colored molded decks are made of 75% post-consumer waste PP material with a non-skid pattern and texture surface.

Item no. PCM104231-0603						
Installation Information						
Max. fall height	1:	33 cm				
Safety surfacing area	26	6.6 m²				
Total installation time		11.5				
Excavation volume	0.	26 m³				
Concrete volume	0.	00 m³				
Footing depth (standard)	(60 cm				
Shipment weight	3	22 kg				
Anchoring options	In-ground 🗸					
	Surface	~				
Warranty Information						
EcoCore HDPE	Lif	fetime				
Post	10	years				
PP Decks	10	years				
Spare parts guaranteed	10	years				

Roof is made from rotomoulded PE with 33% Post-consumer materials. PE has high impact resistance across a wide temperature span which ensures durability.

The slides can be chosen in six different colors and three materials: Straight or curved onepiece molded PE slides, made from 33% recycled post-consumer materials in different colours. Combined EcoCore[™] sides and stainless-steel. Full stainless steel in one piece design for more vandalism proof solutions.

KOMPAN GreenLine versions are designed with ultimate environmentally friendly materials with lowest possible CO2e emission factor. TexMade post, EcoCoreTM panels of 95% post-consumer recycled waste and molded PP decks.

Sustainability Data

PCM104231

Cradle to Gate A1-A3	Total CO₂ emission	CO₂e/kg	Recycled materials
	kg CO2e	kg CO₂e/kg	%
PCM104231-0651	369.02	1.66	64.75
PCM104231-0603	382.34	1.70	28.26

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))

Kompan A/S C.F. Tietgens Boulevard 32C DK-5220 Odense SØ Denmark

Data version no. 2023-10-05

The CO_2 calculation and data are in compliance with the principles of a carbon footprint impact according to the GHG protocol (Greenhouse Gas Protocol), Scope 3, cradle to gate related to all individual components in the product category: "Play systems" represented by item no.: PCM200321-0950.

(Scope 3 emissions include emission sources in the upstream and downstream value chain).
