

Super Combi 3, Supervised

FSW253

Item no. FSW25300-0900	
General Product Information	
Dimensions LxWxH	589x548x325 cm
Age group	13+
Play capacity (users)	19
Colour options	

The Super Combi 3 Gated has the same options as the standard Super Combi 3 but also has a connector for a battle rope, a connector for a boxing bag, and a station for barbell exercises. This item is intended for supervised or gated areas such as sports or fitness clubs, as these loose items do not satisfy safety standards for public

places.
Supervised products are only for areas that are gated or fenced-off, like fitness clubs with supervision or gated communities.

Super Combi 3, Supervised

FSW253

Post are made of Ø101.6 x 2mm, pre-galvanized carbon steel and powder coated, a great protection to all conditions.

The top plate for the jumping platform is made of Ekogrip® panels that consist of a 15 mm polyethylene bottom layer, with a 3 mm top-layer of thermoplastic rubber with a non-skid effect for safe jumping exercises under all-weather circumstances.

The rings are made of molded polycarbonate and TPE to ensure a good grip and soft surface. The rings are rotatable and allows for a large variety of exercises.

The snake ladder is made of hot-dip galvanized s235 steel with the following dimensions Ø38 x 4mm. The steel surfaces are hot dip galvanized inside and outside with lead free zinc. The galvanisation has excellent corrosion resistance in outside environments and requires low maintenance.

The plate for the target is made from 19mm EcoCore™ HDPE that consists of +95% recycled post-consumer material from e.g., food packing waste in both core and colorful outer layer.

The tubes on the rack are made from hot dip galvanized S235 steel tubes which results in a very durable solution. All the main steel components are galvanized according to ISO1461.

Item no. FSW25300-0900

Installation Information

Max. fall height	300 cm
Safety surfacing area	66.6 m²
Total installation time	15.8
Excavation volume	1.74 m³
Concrete volume	1.02 m³
Footing depth (standard)	90 cm
Shipment weight	936 kg
Anchoring options	In-ground ✓ Surface ✓

Warranty Information

EcoCore HDPE	Lifetime
Hot dip galvanised steel	Lifetime
Movable parts	2 years
Spare parts guaranteed	10 years
Steel	10 years

Sustainability Data

Cradle to Gate A1-A3	Total CO ₂ emission	CO ₂ e/kg	Recycled materials
	kg CO ₂ e	kg CO ₂ e/kg	%
FSW25300-0900	1,416.29	2.35	58.36

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))

Verification of CO₂ calculation of: Fitness

Data version no. 2023-10-05

The CO₂ calculation and data are in compliance with the principles of a carbon footprint impact according to the GHG protocol (Greenhouse Gas Protocol), Scope 3, cradle to gate related to all individual components in the product category: "Fitness" represented by item no.: FAZ10100-0900.

(Scope 3 emissions include emission sources in the upstream and downstream value chain).

Date: 30. October 2023 | Valid until: 30. October 2025
