

Sway Alley

PCM80921

The Sway Alley hugely attracts children to try out their balancing skills. It will be a playground success, again and again, thanks to the responsive horizontal logs. For every step the child takes, it trains important physical skills: use of the sense of balance, tensioning muscles in the feet, legs, core and arms to adjust equilibrium. For less trained bridge-

walkers, the side beams add a welcomed support. Walking the Wobble bridge is a highly social experience also. Children feel the movements of all the other children on the bridge thanks to the interconnected horizontal and vertical carrier chains. This feature adds to the physical challenge of keeping the balance when passing the bridge. It additionally spurs

cooperation, negotiation, turn-taking and consideration. These are important socio-emotional life skills, when making friends.

Item no. PCM80921-0950	
General Product Information	
Dimensions LxWxH	4'0"x7'6"x4'1"
Age group	5 - 12
Play capacity (users)	2
Color options	

Sway Alley

PCM80921

Sway alley

Physical: passing the swaying bridge steps develops the sense of balance, which is fundamental in navigating the world securely.

Social-Emotional: passing others on the way supports consideration and turn-taking skills.

PCM80921

Main posts with hot-dip galvanized steel footing are available in different materials: Pressure impregnated pinewood posts. Pre-galvanized inside and outside with powder-coated top finish steel posts. Lead-free aluminum with color anodized top finish. Greenline TexMade posts of 100% post-consumer recycled PE and textile waste.

Panels of 19mm EcoCore™. EcoCore™ is a highly durable, eco friendly material, which is not only recyclable after use, but also consists of a core produced from 100% recycled material.

The steel surfaces are hot-dip galvanized inside and outside with lead-free zinc. The galvanization has excellent corrosion resistance in outside environments and requires minimal maintenance.

TexMade™ posts used as stepping bars are made of 100% post-consumer recycled PE and textile waste.

Chains are made of high-quality stainless-steel to ensure durability of the product.

KOMPAN GreenLine versions are constructed with the most environmentally friendly materials with the lowest possible CO2e emission factor. TexMade posts, EcoCore™ panels of 100% post-consumer recycled ocean waste, and molded PP decks.

Item no. PCM80921-0950	
Installation Information	
Max. fall height	1'3"
Safety surfacing area	274ft²
Total installation time	7.6
Excavation volume	0.93yd³
Concrete volume	0.5yd³
Footing depth (standard)	2'11"
Shipment weight	450lbs
Anchoring options	Surface ✓ In-ground ✓
Warranty Information	
Chains	10 Years
EcoCore HDPE	Lifetime
Hot dip galvanized steel	Lifetime
Post	10 Years
Spare Parts Availability	10 Years

Sustainability Data

PCM80921

Cradle to Gate A1-A3	Total CO ₂ emission	CO ₂ e/kg	Recycled materials
	kg CO ₂ e	kg CO ₂ e/kg	%
PCM80921-0950	201.42	1.31	77.74
PCM80921-0901	284.59	2.04	66.99

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))

Verification of CO₂ calculation of: Freestanding play equipment

Data version no. 2023-10-05

The CO₂ calculation and data are in compliance with the principles of a carbon footprint impact according to the GHG protocol (Greenhouse Gas Protocol), Scope 3, cradle to gate related to all individual components in the product category: "Freestanding play equipment" represented by item no.: GXY916012-3417.

(Scope 3 emissions include emission sources in the upstream and downstream value chain).

Date: 30. October 2023 | Valid until: 30. October 2025
Verified by:

Julie Marie Vejsgaard Larsen, LCA & EPD Consultant

Verification based on report: Validation of CO₂ calculation of 9 categories of Kompan product line, version 1.0, prepared by: Bureau Veritas HSE, Denmark: Julie M. V. Larsen.
