NRO409

The whimsical wizard's hideaway is a cottage with an outdoor table. It's designed to allow for children with walkers or wheelchairs either playing at the table or using the stairway. The accessible stairway supports the child when entering the stairway from a walker/wheelchair. The stairway is wide enough for a carer to assist a child. Inside, nice seats and a table

provide a meeting point. The double slide is great with a friend, also allowing room for an assisting adult. The product is available as FSC® Certified (FSC® C004450) robinia wood on request.

NRO409

Side desk

Social-Emotional: fine meeting place and a space creator. Sharing and cooperation from both sides create a social scenario that supports communication and cooperation.

Double slide

Physical: sliding develops spatial awareness and a sense of balance. Furthermore, the core muscles are trained when sitting upright going down. Social-Emotional: invites socializing, supports parent-child and peer-to-peer play. Cognitive: young children train their understanding of space, speed and distances when sliding down quickly.

Accessible stairway

Physical: climbing the accessible stairway is for all and supports cross coordination as well as arm and leg muscles. For young children, walking stairs and alternating feet is developed. Social-Emotional: room for active breaks and adult helpers. An inclusive space.

Platform

Social-Emotional: Important life skills like courage, self-confidence, consideration and turn-taking are built.

Theme

Cognitive: suggests a theme and supports dramatic play, which stimulates language and communication skills.

Social-Emotional: invites socializing and cooperation. Allows for a break with friends.

Julie Marie Vejsgaard Larsen, LCA & EPD Consultant

Verification based on report: Validation of CO_2 calculation of 9 categories of Kompan product line, version 1.0, prepared by: Bureau Veritas HSE, Denmark: Julie M. V. Larsen.

Publication date: 30. October 2023

Cradle to Gate A1-A3	Total CO ₂ emission	CO₂e/kg Recycled materials	
	kg CO₂e	kg CO₂e/kg	%
NRO409-0621	388.91	0.38	4.76

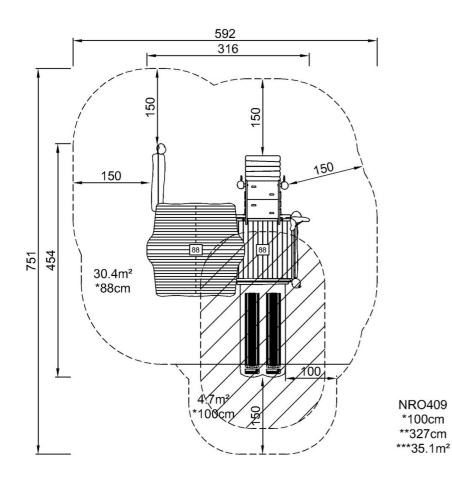

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))
