

LOOP Cone

TPP29540

Item no. TPP29540-0001

General Product Information

Dimensions LxWxH 120x120x70 cm

Age group

Play capacity (users)

Colour options

Loop Cone is a multi-purpose unit. When positioned in the middle of a Loop circle it becomes a backrest. This backrest can be mounted with a top board or be open and used as a planter. On its own with top board it becomes a table to be combined with HopOps or any other combination of Loop products. Finally the Loop Cone can be used on its own

as a self-contained up- or downward facing planter.

LOOP Cone

TPP29540

The Loops modular elements are made of rotation molded polyethylene (PE) with a thickness of 6-7mm. The Loops are UV-resistant, have excellent impact strength and are usable within a large temperature span.

The product molds are textured through abrasive blasting, enhancing surface friction and reducing slipperiness ensuring a safer experience.

The Loops come in 10 standard colors, offering a variety of options to personalize your product and ensure a perfect fit for your intended space.

Item no. TPP29540-0001

Installation Information

Total installation time	0.0
Excavation volume	0.00 m ³
Concrete volume	0.00 m ³
Footing depth (standard)	0 cm
Shipment weight	26 kg
Anchoring options	In-ground ✓ Surface ✓

The Loops are available in a recycled version made from 100% recycled materials. 85% of the plastic is sourced from internal waste and production surplus, while remaining 15% comes from polyethylene bags. The recycled version comes in an anthracite color.

The Loops can be anchored to the ground by filling them with water or sand using integrated plugs. Alternatively, they can be secured using surface or ground brackets.

This product withstands most cleaning agents and chemicals and can be cleaned using a high-pressure cleaner. The color can be revived using vinyl cleaner or similar.
