

LOOP Lava

TPP29670

Item no. TPP29670-0001	
General Product Information	
Dimensions LxWxH	8'6"x3'11"x1'8"
Age group	
Play capacity (users)	
Color options	

The LOOP Lava invites informal breaks and creative expression while people sit and interact around it. This organic seating unit fits into urban spaces, parks, schools, institutions, and company headquarters alike.

LOOP Lava

TPP29670

The Loops modular elements are made of rotation-molded polyethylene (PE) with a 6-7mm thickness. The Loops are UV-resistant, have excellent impact strength, and are usable within a large temperature span.

The product molds are textured through abrasive blasting, enhancing surface friction and reducing slipperiness, ensuring a safer experience.

The Loops can be anchored to the ground by filling them with water or sand using integrated plugs. Alternatively, they can be secured using surface or ground brackets.

This product withstands most cleaning agents and chemicals and can be cleaned using a high-pressure cleaner. The color can be revived using vinyl cleaner or similar.

Item no. TPP29670-0001

Installation Information

Total installation time	0.0
Excavation volume	0yd ³
Concrete volume	0yd ³
Footing depth (standard)	0'0"
Shipment weight	82lbs
Anchoring options	In-ground ✓ Surface ✓
