The School Play Panel is a richly stimulating play invitation. The multiple, varied play events will make children return to the panels again and again. The play panel is high to make it more inclusive of older children. The blackboard panel with abacus and peephole is great for training fine motor skills and invites playing school. Dramatic play is a great

stimulation of language and communication skills. The Tic-Tac-Toe panel appeals to older children who train strategic thinking when playing games with rules. The Faces and Weather panel spurs group play and invites conversations with its two-sidedness. When naming, recognizing and contextualizing the weather, children develop life skills such as

sequencing and time of year. The faces stimulate theory of mind: that others may have different feelings.

Faces and weather panel

Social-Emotional: spurs group play and conversations with its two-sidedness.

Cognitive: stimulates theory of mind: that others may have different feelings. Stimulates the understanding of symbols and facial expressions as symbols for emotions. Naming, reporting, recognizing and contextualizing the weather symbols teaches children life skills such as sequencing and time of year.

Peepholes

Social-Emotional: invites parallel play, looking through holes at each other from each side. **Cognitive:** understanding of object permanence.

Number and shape panel

Cognitive: stimulate children's language skills and knowledge of numbers and geometric shapes.

Ring game

Social-Emotional: cooperating from both sides on running rings up and down trains turn-taking and cooperation skills. **Cognitive:** figuring out how to turn the ring to make it fit the holes and move up or down trains logical skills. **Creative:** leaving rings in new positions leaves a mark in the playground.

Tic-tac-toe panel

Social-Emotional: stimulates communication and turn-taking skills. **Cognitive:** support rules understanding, strategic thinking. **Creative:** leaving marks when tumblers are left in new positions.

Abacus

Cognitive: supports understanding of measures.

Chalkboard

Social-Emotional: the width of the blackboard caters for groups of children cooperating and sharing ideas. **Creative:** drawing and leaving your mark stimulates creative thinking.
