## **Elephant**

MSC5420

6m+

Item no. MSC542000-3417P

### **General Product Information**

Dimensions LxWxH 188x75x140 cm Age group

Play capacity (users)

Colour options

WOW! The Elephant is an iconic play-ground attraction that invites play and inspires stories. The Elephant is a fun space creator that toddlers return to again and again to investigate the playful manipulative items and create new stories: the banana, apples and pears go from the mouth to the stomach. The Mouse and Elephant story is thrilling to little

people. Storytelling and imagination are important for language development and thinking skills. The tactile variation, with rubber ear and smooth fabric tail adds to the tactile stimulation. The space under the Elephant's tummy and trunk is great for climbing through, training cross-coordination. The holes facilitate peek-a-boo games, too. Peek-a-boo develops

the infant's understanding of object permanence: that people and items still exist even if they are out of sight for a while.

### Ear Social-Emotional: can be played from both sides, encouraging cooperation. Cognitive: tactile variation helps children to understand the characteristics of different materials and their uses. Cause and effect understanding when bending rubber flap.

### Table

Social-Emotional: fine meeting place and a space creator. Sharing and cooperation create a social scenario that supports communication and cooperation.

your preferred position.

Social-Emotional: cooperation and turn-

understanding of object permanence: things

can disappear without being gone forever.

Creative: leaving a mark by placing tail in

taking when pulling the tail. Cognitive:

Cognitive: suggests a theme and supports dramatic play, which stimulates language and communication skills.

Social-Emotional: the eye evokes emotions of empathy, encouraging children to look the animal in the eye.

Social-Emotional: can be played from both sides, encouraging cooperation. Cognitive: cause and effect understanding. Creative: leave a mark and place the spheres at different positions.

Panels of 19mm EcoCore™. EcoCore™ is a highly durable, eco friendly material, which is not only recyclable after use, but also consists of material produced from +95% recycled post consumer material from food packing waste.

The steel support posts are hot dip galvanised inside and outside with lead free zinc. The galvanisation has excellent corrosion resistance in outside environments and requires low maintenance.

Corocord membranes consist of friction-proof rubberized material of conveyor belt quality with excellent UV resistance. Tested and compliant with REACH requirements for PAH. Embedded is a four-layered armouring made of woven polyester. The armouring and the two surface layers result in a total thickness of 7.5 mm.

11cm 110. 100000-04171				
Installation Information				
Max. fall height		0 cm		
Safety surfacing area	14.	.2 m²		
Total installation time		4.2		
Excavation volume	0.1	3 m³		
Concrete volume	0.0	00 m³		
Footing depth (standard)	6	0 cm		
Shipment weight	5	55 kg		
Anchoring options	In-ground ✓			
	Surface	~		
Warranty Information				
EcoCore HDPE	Lifetime			
Hot dip galvanised steel	Lifetime			
Membrane	2 years			

Item no. MSC542000-3417P

Tail is made of soft and bendable woven bands. Base material of straps is PP which has good wearing and impact resistance.

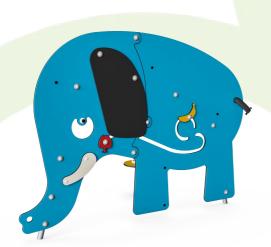

Movable parts

Spare parts guaranteed

# **Sustainability Data**

MSC5420

Cradle to Gate A1-A3	Total CO <sub>2</sub> emission	CO₂e/kg	Recycled materials
	kg CO₂e	kg CO₂e/kg	%
MSC542000-3417P	80.18	1.57	76.01

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))

## Verification of CO<sub>2</sub> calculation of: Themed play systems

Data version no. 2023-10-05

The  $\mathrm{CO}_2$  calculation and data are in compliance with the principles of a carbon footprint impact according to the GHG protocol (Greenhouse Gas Protocol), Scope 3, cradle to gate related to all individual components in the product category: "Themed play systems" represented by item no.: MSC641100-3717P.

(Scope 3 emissions include emission sources in the upstream and downstream value chain).
