

Play Chair, Red

MSV201

Item no. MSV20100-0001	
General Product Information	
Dimensions LxWxH	40x31x31 cm
Age group	1+
Play capacity (users)	1
Colour options	 

The Play Chair in red, yellow, or green is a wonderfully attractive multifunctional and portable play item. Its many functions ensure that it is interesting for a long time: one side is a proper chair seat, the other side is a steeply grooved table, able to hold water, sand, and other construction materials, the third side is a shallower groove, that might be for a teddy

bear bed for instance. When placed at the high end, the Play Chair is a perfect stool for caregivers who want to sit next to the children at play. Last but not least, the Play Chair is a building block for the MOMENTS Toddler Supervised series of little infant and toddler play frames, fitting perfectly into their play through holes, like a chunky puzzle. Placed

together in groups, the Play Chairs makes for a cozy, multifunctional play corner that stimulates children's creativity in play.

Play Chair, Red

MSV201

Play chair

Physical: muscle strength when handling and carrying. **Social-Emotional:** cooperation and turn-taking, choosing which side is up. Gathering, when placed more together.

Cognitive: finding out the diverse functionalities and shapes, especially when using this as a chunky puzzle. **Creative:** building new games when placed more together: sand play, gathering, putting teddy bears to bed, etc.

Play Chair, Red

MSV201

Play chair is made from low-density PE with excellent impact strength and usable within regions that experience high temperatures.

The Play Chair is available in two different colours - yellow or red.

Item no. MSV20100-0001

Installation Information

Max. fall height	0 cm
Safety surfacing area	0.0 m ²
Total installation time	0.6 hours
Excavation volume	0.00 m ³
Concrete volume	0.00 m ³
Footing depth (standard)	0 cm
Shipment weight	4 kg
Anchoring options	Surface ✓

Warranty Information

PE/PP Components	5 years
Spare Parts Guarantee	10 years

Sustainability Data

MSV201

Cradle to Gate A1-A3	Total CO ₂ emission	CO ₂ e/kg	Recycled materials
	kg CO ₂ e	kg CO ₂ e/kg	%
MSV20100-0001	6.26	2.12	32.96

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))
