What child doesn't want to have a real castle to visit and play on? This is an amazing design for young princes, princesses, knights and would-be bandits! The Castle allows for a range of ages playing together, and invites the whole family for a royal play day. It has ground and elevated level play areas, barred windows and cannons, just like a real castle. There is the

climbing wall and monkey bars for adventurous play, and of course the slide for a quick escape. All of this on a colourful, organic timber structure. The Robinia timber is durable, natural and gives children a nature inspired theme that can blend into, or stand out from your surrounding landscape.

Slide

Physical: develops spatial awareness, sense of balance and trains core muscles when sitting upright going down. **Social-Emotional:** empathy stimulated by turn-taking.

Rock climber

Physical: supports cross coordination and leg, arm and hand strength. The hand-holds on top ease entry into platform. **Social-Emotional:** the inclination makes climbing feel secure, especially for younger children.

Theme

Cognitive: suggests a theme and supports dramatic play, which stimulates language and communication skills.

Cannon

Cognitive: the cannon set a tangible theme and thus spur dramatic play. Dramatic play supports language and communication skills.

Monkey bar

Physical: the upper body muscles are developed immensely with coordination and trunk stability. This type of training is great for cross coordination
