### **Pullman Bench**

M242

General Product Information

Dimensions LxWxH 131x72x93 cm
Age group 2 - 5
Play capacity (users) 4

Colour options

WOW! The Pullman Bench ignites children's enthusiasm to play transportation games, especially train. The playful bench supports social-emotional and physical skills for young children. The design encourages children to stay and play, which provides great fun. In addition to being a place to sit alone or with friends, the Pullman Bench will encourage

imaginative play and make-believe. Sitting with friends supports social-emotional development, and friendship skills. The imaginative theme play supports cognitive development and thinking skills. The windows enhance this by providing children with opportunities to play peek-a-boo and other games. Young children will also enjoy moving around the Pullman

bench and for younger children, pulling themselves up to stand will support physical skills.

#### Theme

Cognitive: suggests a theme and supports dramatic play, which stimulates language and communication skills.

#### Rench

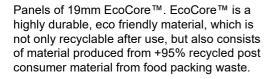

**Social-Emotional:** gathering, cooperating or taking a break from play - all train social skills.

### **Pullman Bench**

M242

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))
