

Forest Fun Trail

CRP200702

Item no. CRP200702-0901

General Product Information

Dimensions LxWxH	33'10"x20'3"x7'1"
Age group	2 - 5
Play capacity (users)	21
Color options	<div><div></div><div></div><div></div></div>

Children love to balance, bounce, climb, and crawl the Forrest Fun Trail over and over! Each play link adds new challenges, thrills, and skills, all supporting toddlers' can-do attitude: the classic tightrope builds balancing skills for beginners and elevated-level players. The innovative Wave Stepper bounces back gently the toddlers' movements, adding to their

understanding of cause and effect as well as their movement control. Balancing up and down The Curved Pod Balancer, the toddlers challenge their spatial awareness and balance. The Hangout Pods are fine to sit and sway on with a friend. The climbing nets add additional climb and rest points. The varied activities train

children's muscles and motor skills, balance, and coordination, which are fundamental for moving confidently and securely in the world. Negotiating turn-taking when passing other children on the trail supports children's social-emotional skills and ability to make friends.

Forest Fun Trail

CRP200702

Balancing Rope with guiderail

Physical: balancing on the swaying rope makes excellent training of the sense of balance as well as the trunk muscles. Balance and muscle control are fundamental for being able to sit still on a chair. The guide rail supports younger children in their quest across the rope. **Social-Emotional:** cooperating with friends when walking over the swaying rope is a true challenge that builds empathy and turn-taking skills.

Tightrope

Physical: children train cross-body coordination and muscle strength. The big meshes allow for climbing and crawling through, training proprioception and spatial awareness. **Social-Emotional:** Turn-taking, consideration and cooperation when passing other children. The big meshes allow for more children to be seated together, sharing. **Cognitive:** cause and effect understanding is supported by the bouncing effect of others' movements.

Wave Stepper

Physical: trains the sense of balance, fundamental for all other motor skills. This builds children's ability to navigate their bodies confidently and securely through the world. **Social-Emotional:** turn-taking skills and negotiation when crossing each other and seating, standing, jumping. **Cognitive:** supports cause-and-effect understanding when the steps slightly tilt in accordance with the children's movements.

Prism right ropes

Physical: children train cross-body coordination and balance. The big meshes allow for tight-rope walks through, training proprioception, balance and spatial awareness. **Social-Emotional:** the horizontal ropes allow for more children being seated together, sharing.

Curved Pod Balancer

Physical: children develop agility, balance and cross-coordination when passing from pod to pod. **Social-Emotional:** turn-taking and cooperation when passing each other.

Hangout Pods

Physical: the hangout pods invite seated and standing swaying and balancing. This supports children's proprioception, which helps them navigate surroundings confidently. Core and arm muscles are strengthened when holding tight and moving across. **Social-Emotional:** children cooperate, turn-take and consider each other when they balance across. The hangout pods support playful socializing and meetings for groups of children.

Forest Fun Trail

CRP200702

Ropes of UV-stabilized PES rope strands with inner steel cable reinforcement. The polyester yarn is made of +95% Post-consumer materials and is inductively melted onto each strand to obtain excellent wear and tear resistance.

The steel surfaces are hot-dip galvanized inside and outside with lead-free zinc. The galvanization has excellent corrosion resistance in outside environments and requires minimal maintenance.

Corocord 'S' clamps are used as universal connections in Corocord products. 8mm stainless steel rods with rounded edges are pressed around the ropes with a special hydraulic press, making them the ideal connector: safe, durable and vandalism-proof, all while allowing the typical movement of rope play structures.

Item no. CRP200702-0901	
Installation Information	
Max. fall height	3'4"
Safety surfacing area	873ft²
Total installation time	18.0
Excavation volume	4.83yd³
Concrete volume	3.7yd³
Footing depth (standard)	2'11"
Shipment weight	1205lbs
Anchoring options	In-ground ✓ Surface ✓
Warranty Information	
Corocord Rope	10 Years
Hollow PE Parts	10 Years
Hot dip galvanized steel	Lifetime
PP Decks	10 Years
Spare Parts Availability	10 Years

The Corocord Smart Clamps are carefully designed to ensure superior flexibility in high-quality aluminum material. The smart clamps are attached around the post with four steel bolts. Unused attachment points are closed with PA caps.

Panels of 19mm EcoCore™. EcoCore™ is a highly durable, eco-friendly material, which is not only recyclable after use but also consists of material produced from +95% recycled post-consumer material from food packing waste.

Grey round post decks are supported by hot-dipped galvanized steel and molded 75% post-consumer PP material with a non-skid pattern and texture surface.

Sustainability Data

CRP200702

Cradle to Gate A1-A3	Total CO ₂ emission	CO ₂ e/kg	Recycled materials
	kg CO ₂ e	kg CO ₂ e/kg	%
CRP200702-0901	1,490.34	3.39	44.40

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))

Verification of CO₂ calculation of: Corocord

Data version no. 2023-10-05

The CO₂ calculation and data are in compliance with the principles of a carbon footprint impact according to the GHG protocol (Greenhouse Gas Protocol), Scope 3, cradle to gate related to all individual components in the product category: "Corocord" represented by item no.: COR314011-1101.

(Scope 3 emissions include emission sources in the upstream and downstream value chain).
