**NRO526** 

Item no. NRO526-1021

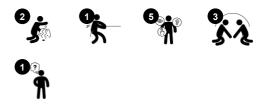

General Product Information

Dimensions LxWxH 5'11"x6'5"x8'2"

Age group 2 - 5

Play capacity (users) 5

Color options

This Oasis sand hut with two tables is a great play motivator that will make many children absorbed in play again and again. It can be played from all sides and allows for interaction from the inside-out and vice versa. This makes it a universally designed unit that can be used by all ages and abilities. The two desks and the sand scoop are great for exchanging, or merely

for storing stuff or supporting sand play. The theme of the house will inspire dramatic play. Dramatic play is great language stimulation and develops children's cognitive skills. The social nature of the play house will accommodate bigger groups of children playing. The layout allows for eye contact throughout the unit, supporting communication

and cooperation, both fundamental for socialemotional development of children.

NRO526

#### Sand shovel

**Physical:** develops dexterity and upper body muscles. **Cognitive:** understanding of object permanence, emptying and filling scoop.

Splash basin with plug
Social-Emotional: meeting point for
cooperation and sharing. Develops turn-taking
and cooperation. Cognitive: logical thinking
and understanding of cause and effect are
trained when children stop or let go of water
from the basin. Creative: the water plug
makes changing water levels possible, which
adds to logical thinking skills.

#### Side desk

**Social-Emotional:** fine meeting place and a space creator. Sharing and cooperation from both sides create a social scenario that supports communication and cooperation.

NRO526

All Organic Robinia products by KOMPAN are made of Robinia wood from sustainable European sources. On request it can be supplied as FSC® Certified (FSC® C004450).

The paint used for coloured components is water based environmentally friendly with excellent UV resistance. The paint is in compliance with EN 71 Part 3.

The Robinia products are designed with a KOMPAN color concept with a number of different standard colors. The wood can also be supplied as untreated or with brown painted with a pigment that maintains the wood color.

Installation Information				
Max. fall height		0'0		
Safety surfacing area		0ft		
Total installation time	7.2 ا	hours		
Excavation volume	0.5	59yd		
Concrete volume		0yd		
Footing depth (standard)		3'3		
Shipment weight	8-	41lbs		
Anchoring options	In-ground	~		

Item no. NRO526-1021

Warranty Information			
Robinia Wood	10 Years		
Ropes & nets	10 Years		
Spare Parts Availability	10 Years		
Stainless steel components	Lifetime

#### Verification of CO<sub>2</sub> calculation of: Nature play

Data version no. 2023-10-05

The  $\mathrm{CO}_2$  calculation and data are in compliance with the principles of a carbon footprint impact according to the GHG protocol (Greenhouse Gas Protocol), Scope 3, cradle to gate related to all individual components in the product category: "Nature play" represented by item no.: NRO409-0621.

(Scope 3 emissions include emission sources in the upstream and downstream value chain).

Date: 30. October 2023 | Valid until: 30. October 2025 Verified by:

Julie Marie Vejsgaard Larsen, LCA & EPD Consultant

Verification based on report: Validation of  $CO_2$  calculation of 9 categories of Kompan product line, version 1.0, prepared by: Bureau Veritas HSE, Denmark: Julie M. V. Larsen.

Publication date: 30. October 2023

Cradle to Gate A1-A3	Total CO <sub>2</sub> emission	CO <sub>2</sub> e/kg Recycled materials	
	kg CO₂e	kg CO₂e/kg	%
NRO526-1021	156.74	0.47	3.98

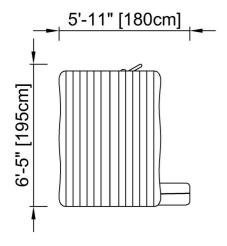

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))
