The luminous disc of the sun is a fascinating natural phenomenon to observe – and it keeps us all alive. HopOp 500 Light is the result of the desire to combine this evenly suffused glow with a simple piece of furniture for sitting and bouncing. HopOp 500 Light can be positioned in different formations, even combining different colours to spark joy and connection – indoors

and out.

LOOP HopOp 500 with Light

TPP29611

The Loops modular elements are made of rotation molded polyethylene (PE) with a thickness of 6-7mm. The Loops are UV-resistant, have excellent impact strength and are usable within a large temperature span.

The product molds are textured through abrasive blasting, enhancing surface friction and reducing slipperiness ensuring a safer experience.

The Loops come in a variety of standard colors, offering options to personalize your product and ensure a perfect fit for your intended space.
