PCE205834

Item no. PCE205834-0901

General Product Information

Dimensions LxWxH 22'4"x18'5"x10'9"

Age group 2 - 5

Play capacity (users) 16

Color options

The Trekker inspires children to stay and play with it's many attractive features that support longer playtimes and active social play. The climbing opportunities offer graduated challenges for children's development. The rich elevated level invites looping between stairs, bridge and slides, getting the pulse up. Apart from the fun, the varied slides also add a

choice between more individual or more social sliding. The Double Slide offers a ride with a friend, or a helper. This supports cooperation and turn-taking skills. Apart from the social-emotion rewards, slides also support the development of the child's sense of balance and its trunk stability. These are important skills in managing movements securely. The Trekker

is designed to encourage play flow for groups of children and families, making friends.

Panels of 19mm EcoCore™. EcoCore™ is a highly durable, eco friendly material, which is not only recyclable after use, but also consists of a core produced from 100% recycled material.

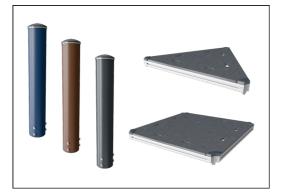

The roofs are made of KOMPAN EcoCore™ panels and supported by hot dip galvanized steel pipes.

Shade sails of commercial 95 high density PE knitted specially for sunshade structures. The sails are treated with UV stabilizers to ensure a long lifetime. The sails are supported by a hot dip galvanized steel frame. Closed sail equipped with an easy take down system.

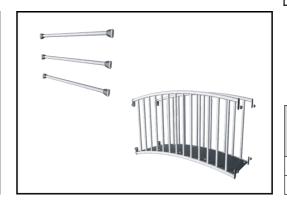

Warranty Information			
EcoCore HDPE	Lifetime		
Hollow PE Parts	10 Years		
Post	10 Years		
PP Decks	10 Years		
Spare Parts Availability	10 Years		

The main posts are made of high quality pregalvanized steel with powder coated top finish. Post tops are closed with caps of UV stabilized nylon (PA6). The grey colored molded decks are made of 75% post-consumer waste PP material with a non-skid pattern and texture surface. All decks are supported by unique designed low-carbon aluminum profiles with multiple attachment options.

The slides are available in either molded PE in different colors or in full stainless steel AISI304 t= 2mm.

The slides are available in either molded PE in different colors or in full stainless steel AISI304 t= 2mm.

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))

Verification of CO₂ calculation of: Play systems

Data version no. 2023-10-05

The $\mathrm{CO_2}$ calculation and data are in compliance with the principles of a carbon footprint impact according to the GHG protocol (Greenhouse Gas Protocol), Scope 3, cradle to gate related to all individual components in the product category: "Play systems" represented by item no.: PCM200321-0950.

(Scope 3 emissions include emission sources in the upstream and downstream value chain).
