

Tractor with Slide & Stairs

PCM51131

Item no. PCM51131-0901	
General Product Information	
Dimensions LxWxH	18'8"x9'9"x9'7"
Age group	2 - 5
Play capacity (users)	19
Color options	  

The Tractor is an appealing attraction for younger children due to its dramatic and physical play. The rich variety of climb, crawl, and slide activities attracts and ensures physical activity that trains important motor skills and major muscles. On the platform, a gear shift, a steering wheel, and side mirrors add to the feeling of driving a beastly big

Tractor. On ground level, multiple varied climbs up and crawls through holes to under the platform ensures ample encouragement to climb and crawl. This trains cross-body coordination which builds body confidence and ultimately stimulates the cross-modal perception, which supports reading skills. Dramatic play is the favorite of younger

children. Apart from building an understanding of the world, dramatic play also trains language and communication skills. In the case of the Tractor, storytelling themes of farming, driving, and building will be put to play.

Tractor with Slide & Stairs

PCM51131

Gear shift

Social-Emotional: cooperation, turn-taking, sharing. **Cognitive:** suggests a theme and supports dramatic play, which stimulates language skills.

Sand scoops panel

Physical: hand eye coordination and push-pull movements. **Social-Emotional:** invites cooperation with two sides and provides for parallel play. **Cognitive:** logical thinking: cause and effect understanding when running scoops in grooves or shifting materials from scoop to scoop. **Creative:** shifting scoops, creating new scoop positions.

Turning wheel

Cognitive: the manipulative item stimulates cause and effect understanding.

Slide

Physical: sliding develops spatial awareness and a sense of balance. Furthermore, the core muscles are trained when sitting upright going down. **Social-Emotional:** empathy stimulated by turn-taking. **Cognitive:** young children develop their understanding of space, speed and distances when sliding down quickly.

Side mirror

Cognitive: understanding of individuality and self expression. Stimulates dramatic play and so language and communication development.

Weather panel

Social-Emotional: spurs group play and conversations with its dual-sidedness. **Cognitive:** naming, reporting, recognizing and contextualizing the weather symbols teaches children life skills such as sequencing and time of year. **Creative:** the pointer can be placed in different directions to create stories or change main point of attraction.

Rock climber

Physical: supports cross coordination and leg, arm and hand strength. **Social-Emotional:** the incline makes climbing feel safer, especially for younger children.

Tractor with Slide & Stairs

PCM51131

Panels of 19mm EcoCore™. EcoCore™ is a highly durable, eco friendly material, which is not only recyclable after use, but also consists of a core produced from 100% recycled material.

Main posts with hot dip galvanized steel footing are pre-galvanized inside and outside with powder coated top finish.

All decks are supported by uniquely designed low-carbon aluminum profiles with multiple attachment options. The grey-colored molded decks are made of 75% post-consumer ocean waste PP material with a non-skid pattern and texture surface.

Item no. PCM51131-0901	
Installation Information	
Max. fall height	3'10"
Safety surfacing area	540ft²
Total installation time	35.2 hours
Excavation volume	1.49yd³
Concrete volume	0.08yd³
Footing depth (standard)	2'11"
Shipment weight	1984lbs
Anchoring options	In-ground ✓ Surface ✓
Warranty Information	
EcoCore HDPE	Lifetime
Hollow PE Parts	10 Years
Post	10 Years
PP Decks	10 Years
Spare Parts Availability	10 Years

The steel surfaces are hot dip galvanized inside and outside with lead free zinc. The galvanization has excellent corrosion resistance in outside environments and requires low maintenance.

The slides are available in either molded PE in different colors or in full stainless steel AISI304 t= 2mm.

Gear shift is made of PP. PP has good wearing and impact resistance.

Sustainability Data

PCM51131

Cradle to Gate A1-A3	Total CO ₂ emission	CO ₂ e/kg	Recycled materials
	kg CO ₂ e	kg CO ₂ e/kg	%
PCM51131-0901	1,526.53	1.99	68.54

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))

Verification of CO₂ calculation of: Play systems

Data version no. 2023-10-05

The CO₂ calculation and data are in compliance with the principles of a carbon footprint impact according to the GHG protocol (Greenhouse Gas Protocol), Scope 3, cradle to gate related to all individual components in the product category: "Play systems" represented by item no.: PCM200321-0950.

(Scope 3 emissions include emission sources in the upstream and downstream value chain).

Date: 30. October 2023 | Valid until: 30. October 2025
