

Dolphin Springer

NRO111

Item no. NRO111-0401

General Product Information

Dimensions LxWxH	98x48x69 cm
Age group	3+
Play capacity (users)	1
Colour options	 

The Dolphin Springer is specially crafted by our master craftsmen. No other springer looks exactly like a dolphin jumping straight from the sea! If you want a 'wow' springer, then KOMPAN Robinia springers are it. The stainless steel handle and rubber fins also provide touch variation and modernise a classic favourite. The natural Robinia timber

provides an organic structure, that can either blend into or stand out from your surrounds.

Dolphin Springer

NRO111

Handhold

Physical: opens more hold positions and ensures good grip, necessary for rocking intensely which trains hand and arm muscles.

Theme

Cognitive: suggests a theme and supports dramatic play, which stimulates language and communication skills.

Foot support

Physical: the footrest supports intensive rocking, which stimulates the senses of balance and space, fundamental for managing the world securely.

Rocking spring

Physical: response to movements adds to spatial awareness and sense of balance which are fundamental motor skills.

Cognitive: trains the understanding of cause and effect: when I move my body, the spring responds with movement.

Dolphin Springer

All Organic oak products by KOMPAN are made of oak wood from sustainable European sources. On request it can be supplied as FSC® Certified (FSC® C004450).

The paint used for coloured components is water based, which is environmentally friendly and has excellent UV resistance. The paint complies with Australian Standards.

Handles and footrests are made of high-quality stainless steel and equipped with moulded on PUR handholds and footsteps. The PUR footrests are designed with grooves to make the surface slip-resistant.

Item no. NRO111-0401	
Installation Information	
Max. fall height	60 cm
Safety surfacing area	7.8 m ²
Total installation time	2.0
Excavation volume	0.17 m ³
Concrete volume	0.00 m ³
Footing depth (standard)	42 cm
Shipment weight	50 kg
Anchoring options	In-ground ✓ Surface ✓
Warranty Information	
Membrane	2 years
Oak Wood	15 years
Spare Parts Guarantee	10 years
Springs	5 years
Stainless Steel Components	Lifetime

KOMPAN's springs are manufactured from high-quality spring steel. The springs are cleaned by phosphating before being painted with epoxy primer and polyester powder coating. The springs are fixed by unique anti-pinch fittings for maximum safety and longevity.

Membranes consist of friction-proof rubberized material of conveyor belt quality with excellent UV resistance. Tested and comply with strict PAH requirements. Embedded is a four-layered armoring made of woven polyester to ensure high vandalism resistance.

Robinia products are available in three different wood treatment options; untreated Robinia wood or brown painted with a pigment that maintains the wood colour and coloured version with paint of selected components.

Sustainability Data

NRO111

Cradle to Gate A1-A3	Total CO ₂ emission	CO ₂ e/kg	Recycled materials
	kg CO ₂ e	kg CO ₂ e/kg	%
NRO111-0401	69.96	1.79	24.83

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))

Verification of CO₂ calculation of: Nature play

Data version no. 2023-10-05

The CO₂ calculation and data are in compliance with the principles of a carbon footprint impact according to the GHG protocol (Greenhouse Gas Protocol), Scope 3, cradle to gate related to all individual components in the product category: "Nature play" represented by item no.: NRO409-0621.

(Scope 3 emissions include emission sources in the upstream and downstream value chain).

Date: 30. October 2023 | Valid until: 30. October 2025

Verified by:

Julie Marie Vejsgaard Larsen, LCA & EPD Consultant

Verification based on report: Validation of CO₂ calculation of 9 categories of Kompan product line, version 1.0, prepared by: Bureau Veritas HSE, Denmark: Julie M. V. Larsen.
