

# Rotating Sand Table

PCM501

The Rotating Sand Table is a wonderful sand play experience for children: the lower table can be turned, so that sand or other materials can be shifted through the holes or down on a platform. The upper table has a sand bowl for mixing materials. There is a sieve to filter materials through and a funnel to shift materials from the upper to the lower table. The

lower table can be turned to transport materials around to friends on the opposite side of the table. All these play options stimulate an understanding of cause and effect in the child, that feeds into logical thinking skills: if the lower table is turned, materials can be collected or discharged from the higher table. A wealth of manufacturing possibilities in the Rotating

Table, producing or transporting, motivate cooperation and dramatic play, and thus communication skills.

Item no. PCM501-0501	
<b>General Product Information</b>	
Dimensions LxWxH	66x60x64 cm
Age group	2+
Play capacity (users)	2
Colour options	

# Rotating Sand Table

PCM501

## Desk with bowl and sieve

**Social-Emotional:** children can gather and store materials, cooperate and take a break together. **Creative:** sand can be shifted through the sieve, for understanding of cause and effect and object permanence.

## Rotating table

**Cognitive:** the rotating element stimulate cause and effect understanding and logical thinking.

Panels of 19mm EcoCore™. EcoCore™ is a highly durable, eco friendly material, which is not only recyclable after use, but also consists of material produced from +95% recycled post consumer material from food packing waste.

The steel surfaces are hot dip galvanized inside and outside with lead free zinc. The galvanization has excellent corrosion resistance in outside environments and requires low maintenance.

Play activities like the shouter is made of injection molded high quality UV-stabilized nylon (PA6). The binoculars are made of PUR.

Sand strainer is made of high-quality stainless steel to ensure durability of the product.

Item no. PCM501-0501

## Installation Information

Max. fall height	0 cm
Safety surfacing area	10.5 m <sup>2</sup>
Total installation time	1.1
Excavation volume	0.18 m <sup>3</sup>
Concrete volume	0.00 m <sup>3</sup>
Footing depth (standard)	46 cm
Shipment weight	32 kg
Anchoring options	In-ground ✓ Surface ✓

## Warranty Information

EcoCore HDPE	Lifetime
Hot dip galvanised steel	Lifetime
Solid plastic parts	10 years
Spare parts guaranteed	10 years
Stainless steel components	Lifetime

# Sustainability Data

PCM501

Cradle to Gate A1-A3	Total CO <sub>2</sub> emission	CO <sub>2</sub> e/kg	Recycled materials
	kg CO <sub>2</sub> e	kg CO <sub>2</sub> e/kg	%
<b>PCM501-0501</b>	37.75	1.65	56.44

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))

## Verification of CO<sub>2</sub> calculation of: Themed play systems

Data version no. 2023-10-05

The CO<sub>2</sub> calculation and data are in compliance with the principles of a carbon footprint impact according to the GHG protocol (Greenhouse Gas Protocol), Scope 3, cradle to gate related to all individual components in the product category: "Themed play systems" represented by item no.: MSC641100-3717P.

(Scope 3 emissions include emission sources in the upstream and downstream value chain).
