NRO513

Beep beep! Trucks coming! Whoa, we need petrol! Role playing is great in the playground, and a petrol station will always be needed for little imagination vehicles. This petrol station is colourful, with sturdy pump lines, and red, green and yellow buttons are for choosing the right petrol. Don't put diesel in your unleaded car! The posts are made of hand-crafted

Robinia timber, which the children can touch and feel and learn what natural timber is like.

Theme

Cognitive: suggests a theme and supports dramatic play, which stimulates language and communication skills.

Fuel handle Social-Emotional: cooperation skills and turn-taking are supported when fueling vehicles for friends. Cognitive: dramatic play stimulates language development.

Two pumps
Social-Emotional: the two pumps invite
cooperation and co-creation. Transparency
makes interaction possible between the sides

NRO513

All organic Robinia products by KOMPAN are made of Robinia wood which is sourced from sustainable plantation farms. On request it can be supplied as FSC® Certified (FSC® C004450).

The paint used for coloured components is water based, which is environmentally friendly and has excellent UV resistance. The paint complies with Australian Standards.

Ropes are made of UV-stabilised PA with inner steel cable reinforcement. The rope is induction treated to create a secure connection between steel and rope, which leads to excellent wear resistance.

Installation Information Max. fall height 0 cm Safety surfacing area 10.1 m² Total installation time 4.2 hours Excavation volume 0.40 m³ 0.00 m³ Concrete volume Footing depth (standard) 100 cm Shipment weight 271 kg In-ground Anchoring options

Item no. NRO513-1021

Warranty Information Robinia Wood 15 years Spare Parts Guarantee 10 years Stainless Steel Lifetime Components

Robinia products are available in three different wood treatment options; untreated Robinia wood or brown painted with a pigment that maintains the wood colour and coloured version with paint of selected components.

Sustainability Data

NRO513

Cradle to Gate A1-A3	Total CO ₂ emission	CO₂e/kg	Recycled materials
	kg CO₂e	kg CO₂e/kg	%
NRO513-1021	46.74	0.21	1.32

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))

Verification of CO₂ calculation of: Nature play

Data version no. 2023-10-05

The CO_2 calculation and data are in compliance with the principles of a carbon footprint impact according to the GHG protocol (Greenhouse Gas Protocol), Scope 3, cradle to gate related to all individual components in the product category: "Nature play" represented by item no.: NRO409-0621.

(Scope 3 emissions include emission sources in the upstream and downstream value chain).
