KOMPAN
Let's play

This is a nice open oasis with sand crane and table. Let sand down the hole in the table through the pipe to make the in-build sand mill spin. There is access by a little climbing wall with grips to the sand crane or lower platform with a sand mill. Even very small children can enjoy imaginative and explorative play for a very long time. The play table is a fine meeting

point and a place to sort and order items. The easy usable bucket of the crane can be filled with sand and when lifted the crane can be turned by using the round handle. The product is available as FSC® Certified (FSC® C004450) robinia wood on request.

Item no. NRO531-1021

General Product Information

Dimensions LxWxH	318x345x337 cm
Age group	2+
Play capacity (users)	16
Colour options	  

Data is subject to change without prior notice.

Sand crane

Physical: hoisting the basket up and down trains arm muscles and dexterity. **Social-Emotional:** cooperating with others e.g. receiving the bucket trains cooperation skills. **Cognitive:** understanding the mechanism of the chains hoisting buckets up and down supports logical thinking skills. **Creative:** working with moveable play items that can leave a mark supports the child's creativity.

Supportive handholds

Physical: handhold provides good grip for less confident climbers. Pulling yourself up and in trains upper body muscles.

Sand desk with funnel

Social-Emotional: children can gather and store materials, cooperate and take a break together. **Cognitive:** sand can be shifted through the funnel, for understanding of cause and effect and object permanence: that materials don't vanish but run through at the other end.

Slope

Physical: inclined crawling or walking up or down develops the sense of balance and cross coordination. **Social-Emotional:** the inclination makes climbing feel secure, especially for younger children.

Sand wheel

Cognitive: the turning sand wheel stimulates cause and effect understanding.

Sand shovel

Physical: develops dexterity and upper body muscles. **Cognitive:** understanding of object permanence, emptying and filling scoop.

All Organic Robinia products by KOMPAN are made of Robinia wood from sustainable European sources. On request it can be supplied as FSC® Certified (FSC® C004450).

The paint used for coloured components is water based environmentally friendly with excellent UV resistance. The paint is in compliance with EN 71 Part 3.

The Robinia products are designed with a KOMPAN colour concept with a number of different standard colours. The wood can also be supplied as untreated or with brown painted with a pigment that maintains the wood colour.

The product/activities are preassembled from the factory to ensure all safety requirements are considered.

Item no. NRO531-1021	
Installation Information	
Max. fall height	88 cm
Safety surfacing area	30.5 m²
Total installation time	16.8
Excavation volume	0.75 m³
Concrete volume	0.10 m³
Footing depth (standard)	100 cm
Shipment weight	859 kg
Anchoring options	In-ground ✓
Warranty Information	
Robinia wood	15 years
Ropes & nets	10 years
Spare parts guaranteed	10 years
Stainless steel components	Lifetime
Stainless steel components	Lifetime

Sustainability Data

NRO531

Cradle to Gate A1-A3	Total CO ₂ emission	CO ₂ e/kg	Recycled materials
	kg CO ₂ e	kg CO ₂ e/kg	%
NRO531-1021	301.81	0.44	4.40

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))

Verification of CO₂ calculation of: Nature play

Data version no. 2023-10-05

The CO₂ calculation and data are in compliance with the principles of a carbon footprint impact according to the GHG protocol (Greenhouse Gas Protocol), Scope 3, cradle to gate related to all individual components in the product category: "Nature play" represented by item no.: NRO409-0621.

(Scope 3 emissions include emission sources in the upstream and downstream value chain).
