

Sunflower

M951

The daisies on the top move when the swing moves and the sense of wonder in this is an irresistible motivation for the child to investigate. The sturdy rubber seat is placed in the exact right height for a child to lean in and lie on the stomach. This serves two purposes: the child can swing and swing independently. When the child pushes with the feet, the swing

movement starts and trains the child's motor skills, specifically the sense of balance and space. Furthermore, the understanding of cause and effect has a great impact on the thinking and cognitive skills of the child. The emotional value of being able to manage independently is priceless for toddlers and stimulates their self-esteem and widens their

physical comfort zone. Parents, older siblings, and friends can easily join the fun.

Item no. M95172-3717P	
General Product Information	
Dimensions LxWxH	125x37x137 cm
Age group	1+
Play capacity (users)	1
Colour options

Turnable daisies

Cognitive: sense of wonder and the understanding of cause and effect when manipulating something to turn.

Low, rubber swing seat

Physical: support for pushing with feet, developing leg muscles and sense of balance, coordination, as well as spatial awareness.

Social-Emotional: self-confidence is fostered from being able to do it yourself. **Cognitive:** understanding of 'cause and effect'.

The steel surfaces are hot-dip galvanised inside and outside with lead-free zinc. The galvanisation has excellent corrosion resistance in outside environments and requires low maintenance.

The standard seats for KOMPAN's swings are engineered for maximum safety and durability. The seat is made of PUR very durable material.

Swing suspensions are made of polyamide and consist of a double ball bearing system with swivel.

Item no. M95172-3717P	
Installation Information	
Max. fall height	80 cm
Safety surfacing area	8.4 m²
Total installation time	3.3
Excavation volume	0.45 m³
Concrete volume	0.25 m³
Footing depth (standard)	90 cm
Shipment weight	50 kg
Anchoring options	In-ground ✓ Surface ✓
Warranty Information	
Galvanised Steel	Lifetime
Movable Parts	2 years
Spare Parts Guarantee	10 years
Swing Hangers	5 years
Swing Seat	10 years

Turnable daisies are made of 19mm EcoCore™ HDPE which is a highly durable, eco-friendly material, which is not only recyclable after use but also consists of a core produced from 100% recycled material.

The steel pipes are hot-dip galvanised inside and outside with lead-free zinc. The galvanisation has excellent corrosion resistance in outside environments and requires low maintenance.

Sustainability Data

M951

Cradle to Gate A1-A3	Total CO ₂ emission	CO ₂ e/kg	Recycled materials
	kg CO ₂ e	kg CO ₂ e/kg	%
M95172-3717P	130.81	2.79	47.50

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))

Verification of CO₂ calculation of: Themed play systems

Data version no. 2023-10-05

The CO₂ calculation and data are in compliance with the principles of a carbon footprint impact according to the GHG protocol (Greenhouse Gas Protocol), Scope 3, cradle to gate related to all individual components in the product category: "Themed play systems" represented by item no.: MSC641100-3717P.

(Scope 3 emissions include emission sources in the upstream and downstream value chain).

Date: 30. October 2023 | Valid until: 30. October 2025
