

Forest Bugs Seesaw

NRO117

Item no. NRO117-0621

General Product Information

Dimensions LxWxH	233x48x86 cm
Age group	4+
Play capacity (users)	2
Colour options	  

The Forest Bugs Seesaw offers a whimsical, gliding seesaw ride which will amaze children and keep them coming back again and again. The fun, social rocking intensely trains cooperation and empathy, training important social-emotional life skills. The soothing, rocking movement of the Forest Bugs Seesaw invites play, but additionally trains the senses

of balance and space. These are both crucial for body confidence, e.g. in avoiding falling. A well-developed sense of balance is fundamental for the ability to sit still and concentrate. The rhythmic movement is necessary to make the seesaw work, and so is cooperation. The Forest Bugs Seesaw is a beautiful addition to young children's

playgrounds, adding themed bugs. This inspires imaginative play and again stimulates cooperation and communication.

Forest Bugs Seesaw

NRO117

Handhold

Physical: the vertical handgrips ensure a firm grip at different heights, necessary for rocking intensely. This trains hand and arm muscles.

Rocking movement

Physical: response to movements adds to spatial awareness and sense of balance. These are fundamental motor skills that help the child's ability to sit still on a chair which takes a good sense of balance. **Cognitive:** trains the understanding of cause and effect: when I move my body, the spring responds with movement.

Rocking together

Social-Emotional: the possibility of rocking two together trains cooperation skills. Consideration of others when rocking.

Theme

Cognitive: suggests a theme and supports dramatic play, which stimulates language and communication skills.

Foot support

Physical: the possibility of footrest supports intensive rocking. Rocking stimulates the senses of balance and space that are fundamental in managing the world securely.

All Organic oak products by KOMPAN are made of oak wood from sustainable European sources. On request it can be supplied as FSC® Certified (FSC® C004450).

The paint used for coloured components is water based environmentally friendly with excellent UV resistance. The paint is in compliance with EN 71 Part 3.

Handles and footrests are made of high-quality stainless steel and equipped with moulded on PUR handholds and footsteps. The PUR footrests are designed with grooves to make the surface slip resistant.

The steel surfaces are hot dip galvanised inside and outside with lead free zinc. The galvanisation has excellent corrosion resistance in outside environments and requires low maintenance.

Robinia products are available in three different wood treatment options: Untreated Robinia wood or brown painted with a pigment that maintains the wood colour and coloured version with paint of selected components.

Item no. NRO117-0621	
Installation Information	
Max. fall height	100 cm
Safety surfacing area	9.7 m²
Total installation time	3.3
Excavation volume	0.35 m³
Concrete volume	0.00 m³
Footing depth (standard)	62 cm
Shipment weight	155 kg
Anchoring options	In-ground ✓ Surface ✓
Warranty Information	
Hot dip galvanised steel	Lifetime
Oak Wood	15 years
PUR components	10 years
Spare parts guaranteed	10 years
Stainless steel components	Lifetime

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))

Verification of CO₂ calculation of: Nature play

Data version no. 2023-10-05

The CO₂ calculation and data are in compliance with the principles of a carbon footprint impact according to the GHG protocol (Greenhouse Gas Protocol), Scope 3, cradle to gate related to all individual components in the product category: "Nature play" represented by item no.: NRO409-0621.

(Scope 3 emissions include emission sources in the upstream and downstream value chain).

Date: 30. October 2023 | Valid until: 30. October 2025
