

# LOOP Line

TPP29530

Item no. TPP29530-0001

### General Product Information

Dimensions LxWxH 1'4"x6'7"x1'4"

Age group

Play capacity (users)

Color options

LOOP Line is made to function independently as well as in combination. It combines with LOOP Arc to form a triangle, curving snake forms, or any number of other customized solutions. With LOOP Corner, it creates rectangles for ball courts, elevated beds, or sandboxes, where seating is the bonus.

# LOOP Line

The Loops modular elements are made of rotation-molded polyethylene (PE) with a 6-7mm thickness. The Loops are UV-resistant, have excellent impact strength, and are usable within a large temperature span.

The product molds are textured through abrasive blasting, enhancing surface friction and reducing slipperiness, ensuring a safer experience.

The Loops come in 10 standard colors, offering various options to personalize your product and ensure a perfect fit for your intended space.

Item no. TPP29530-0001

### Installation Information

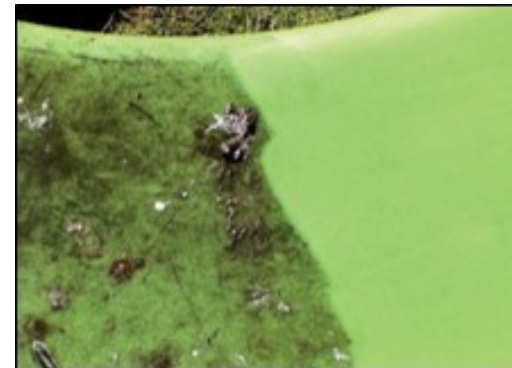

Total installation time	0.0
Excavation volume	0yd <sup>3</sup>
Concrete volume	0yd <sup>3</sup>
Footing depth (standard)	0'0"
Shipment weight	45lbs
Anchoring options	In-ground ✓ Surface ✓

The Loops are available in a recycled version made from 100% recycled materials. 85% of the plastic is sourced from internal waste and production surplus, while the remaining 15% comes from polyethylene bags. The recycled version comes in an anthracite color.

The Loops can be anchored to the ground by filling them with water or sand using integrated plugs. Alternatively, they can be secured using surface or ground brackets.

This product withstands most cleaning agents and chemicals and can be cleaned using a high-pressure cleaner. The color can be revived using vinyl cleaner or similar.
