

Movable Hammocks

PCM701

Socialising in a nice framework is a favourite occupation of school age children. These hammocks allow for flexible meetings, offering varied seating on the bar, on the seats and not least in the gently swaying hammocks. The hammocks can be pushed closer to each other or further apart to suit varied play scenarios and the whole unit allows for being used

seated, lying, or standing, thus allowing for users across ages, abilities and different group sizes to meet and interact.

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))
