NRO606

KOMPAN!
Let's play

Item no. NRO606-1021	
General Product Information	
Dimensions LxWxH	373x281x256 cm
Age group	1+
Play capacity (users)	15
Colour options	

This is an amazing package of musical theatre and cottage all rolled into one! The central playhouse has special play details like a clock, bell, mirror, and shelf flaps for exploration and dramatic play. These play items stimulate logical thinking, creativity, and the understanding of object permanence and identity. Outside of the house, the xylophone

and drums add to the theatre experience. Sensory play trains the understanding of cause and effect, and cooperation with others as the little stars perform. It also has an open design for socialising, all while having fun with natural, colourful timber. The Robinia timber provides an organic structure, that can either blend into or stand out from your surroundings. Children

can touch and feel the timber while acting out their imaginations and social play, observing how nature inspiration interacts with the built environment

Data is subject to change without prior notice.

Drums

Social-Emotional: cooperation and co-creation, parallel and group play. **Cognitive:** cause and effect understanding when creating sounds, supports a sense of rhythm, essential for pre-reading. **Creative:** creating and leaving a mark with sound.

Xylophone music panel

Social-Emotional: invites social interaction and co-creation for more children, on both sides. **Cognitive:** understanding of cause and effect when striking tubes and creating sound. **Creative:** the creation of different intensity and tonality stimulates creative skills.

Percussion

Social-Emotional: cooperative play and co-creation when playing from both sides. **Cognitive:** understanding cause and effect with different surface sounds, practicing with rhythm, essential for pre-reading skills. **Creative:** creating, combining and leaving a mark of different sounds.

Clock and bell panel

Cognitive: understanding cause and effect when ringing bell, learning about numeracy and time in a tangible way. **Creative:** creating new positions on clock or with sound creating a rhythm when ringing or knocking the bell.

Shelf

Cognitive: suggests a theme and supports dramatic play, which stimulates languages and communication skills. Gives the option of dramatic or explorative play.

Desk flaps w. holes

Social-Emotional: cooperation, turn-taking and parallel play inspired by the two flaps. **Cognitive:** shifting things through holes to shelf supports logical thinking and understanding of object permanence.

Mirror

Cognitive: understanding of individuality and self expression. Stimulates dramatic play, language and communication skills..

All organic Robinia products by KOMPAN are made of Robinia wood which is sourced from sustainable plantation farms. On request it can be supplied as FSC® Certified (FSC® C004450).

The paint used for coloured components is water-based, which is environmentally friendly and has excellent UV resistance. The paint is compliant with Australian Standards.

Play activities are manufactured in high impact resistant materials. This includes; HDPE-plate with HDPE-clock with conveyer belt rubber hands, the bell in pressed aluminium and mirror in plexiglass with a high impact resistant.

All rubber activities/components are made of conveyer belt rubber; making it extremely durable and weather resistant.

The percussion panel consists of two Conga Drums with PP tubes and top in coloured ABS. Babel drum in stainless steel 316L.

The Xylofon music panel consists of HDPE - material in 19mm EcoCore™. EcoCore™ is a highly durable, eco-friendly material. The pipes are made of die-cast aluminium specifically alloyed for outdoor environments.

Item no. NRO606-1021

Installation Information

Max. fall height	0 cm
Safety surfacing area	27.0 m ²
Total installation time	15.4
Excavation volume	0.55 m ³
Concrete volume	0.00 m ³
Footing depth (standard)	100 cm
Shipment weight	774 kg
Anchoring options	In-ground ✓ Surface ✓

Warranty Information

Membrane	2 years
Robinia Wood	15 years
Ropes & Nets	10 years
Spare Parts Guarantee	10 years
Stainless Steel Components	Lifetime

Sustainability Data

Cradle to Gate A1-A3	Total CO ₂ emission	CO ₂ e/kg	Recycled materials
	kg CO ₂ e	kg CO ₂ e/kg	%
NRO606-1021	209.14	0.34	4.69

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))
