

# Balance Plus

NRO871

The Balance Plus is a playground classic, that attracts children again and again. It can function as playground glue, connecting activities. It can also function as a point for a break, providing seating for children, parents or carers in need of a point from which to observe play. When children navigate across the Balance Plus, they train their balance

immensely, which is a fundamental skill, that is basic for the development of all other skills. The sense of balance for instance makes it possible for children to sit still and concentrate. When zig-zag balancing across the Balance Plus, children will negotiate and turn-take to pass each other. This trains important social-emotional skills, that are important for instance

when making friends.

Item no. NRO871-1001	
General Product Information	
Dimensions LxWxH	244x62x149 cm
Age group	4+
Play capacity (users)	2
Colour options

All Organic Robinia products by KOMPAN are made of Robinia wood from sustainable European sources. On request it can be supplied as FSC® Certified (FSC® C004450).

The Robinia wood can be supplied as untreated raw wood or painted with a brown coloured transparent pigment that maintains the golden wood colour of the wood.

Item no. NRO871-1001

## Installation Information

Max. fall height	46 cm
Safety surfacing area	15.9 m²
Total installation time	4.5 hours
Excavation volume	0.50 m³
Concrete volume	0.30 m³
Footing depth (standard)	100 cm
Shipment weight	275 kg
Anchoring options	In-ground ✓

## Warranty Information

Robinia wood	15 years
Spare parts guaranteed	10 years
Stainless steel components	Lifetime

# Sustainability Data

NRO871

Cradle to Gate A1-A3	Total CO <sub>2</sub> emission	CO <sub>2</sub> e/kg	Recycled materials
	kg CO <sub>2</sub> e	kg CO <sub>2</sub> e/kg	%
NRO871-1001	31.44	0.16	0.70

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))
