Let's play

The Super Combi 2 is a highly versatile structure. It has a perfect blend of high, low, and dynamic items. The overhead activities include the snake bar, the overhead ladder, and the rings. The climbing rope and the target shoot are fun and functional, and the Mag Bells provide dynamic strength training. The universal parallel bars stimulate exercise

creativity and can be used directly by wheelchair users. The integrated step platforms can be used for strength, jumping, and cardio—an excellent setup for more extensive group workouts. Supervised products are only for areas that are gated or fenced-off, like fitness clubs with supervision or gated communities.

Den overordnede ramme for disse faktorer er Environmental Product Declaration (EPD), som kvantificerer "miljøoplysninger om et produkts livscyklus og muliggør sammenligninger mellem produkter, der opfylder samme funktion" (ISO, 2006). Dette følger strukturen og anvender en livscyklusvurderingstilgang til hele produktfasen fra råvarer til fremstilling (A1-A3))
