The highly appealing fairy-tale themes of The Little Mermaid and the Tinderbox has a strong influence on all children and adults. The QR-codes give free access to a whole fairy-tale world with e-books and educational games in 16 languages. The awesome variety of play events for the mind and body attract children to play and explore. The fairy-tale manipulatives

inspire dramatic play, which is a great method of training language skills. These play features also train logical thinking skills when children figure out their function. All these elements can be worked from both sides of the panels, spurring social interaction and adding play capacity. The wide variety of climbing, sliding, jumping activities train basic motor skills

important for navigating the world securely. The accessible stairway provides easy access: play for all!

The slides can be chosen in different materials: Straight moulded PE slides or combined EcoCore™ sides and stainless steel slide bed t=2mm.

Climbing nets are made of UV-stabilised PP rope with inner steel cable reinforcement. The rope is induction treated to obtain maximum fixation between steel and rope, which provides excellent wear and tear resistance. All rope connectors are made of 100% recyclable PA material.

The steel surfaces are hot-dip galvanised inside and outside with lead-free zinc. The galvanisation has excellent corrosion resistance in outside environments and requires low maintenance.
